CURRICULUM VITAE

CAROLYN MARIE AUDET

Office Address:
Vanderbilt Institute for Global Health
2525 West End Ave, Suite 750
Nashville TN 37203 USA

Office Phone: (615) 343-2418
Email: carolyn.m.audet@vanderbilt.edu
Mobile: (615) 480-9009
Personal email: carolynaudet@gmail.com

EDUCATION AND POST-GRADUATE TRAINING

2000	Princeton University, Princeton, USA, **A.B., Bachelor of Arts, New World Civilizations** (*Magna cum Laude*)
2006	Vanderbilt University, Nashville, TN, USA, **Ph.D., Anthropology**
2009	Institute for Global Health, Vanderbilt University School of Medicine, Nashville, TN. **Global Health Post-Doctoral Fellowship**.
2013	London School of Hygiene and Tropical Medicine, London, UK, **M.Sc. Epidemiology**
2018	Implementation Research Institute at the Center for Mental Health Services at George Warren Brown School of Social Work, Washington University in St. Louis, USA. **Research Fellow Implementation Science**.

PROFESSIONAL APPOINTMENTS

ACADEMIC APPOINTMENTS

2003-2004	**Visiting Assistant Professor**, Galen University (Anthropology)
2007-2008	**Lecturer**, Vanderbilt University (Anthropology)
2008-2009	**Research Fellow**, Vanderbilt University (Institute for Global Health)
2009-2013	**Research Assistant Professor** of Preventive Medicine, Vanderbilt University Medical Center
2013- present	**Assistant Professor of Health Policy**, Vanderbilt University Medical Center & Assistant Professor of Medicine, Health and Society, Vanderbilt University

PROFESSIONAL ORGANIZATIONS

2015- present	American Society for Tropical Medicine and Hygiene
2008- present	International AIDS Society

2014- present	American Psychological Association
2013- 2015	American Evaluation Association
2009- 2012	Medical Anthropology Association
2008- 2012	American Anthropology Association

PROFESSIONAL ACTIVITIES

AWARDS AND HONORS

1998	**Martin Dale Fellowship**, Princeton University
2001-2005	**Graduate Student Merit Scholarship**, Vanderbilt University
2004	**Department of Religion Dissertation Research Award**, Vanderbilt University,
2005	**School of Arts and Science Dissertation Research Award**, Vanderbilt University
2009	**International Union against STIs Conference Travel Award**, Cape Town, South Africa
2011	**The Luso-American Response Conference on HIV/AIDS Research Travel Award**, Lisbon, Portugal
2012-2019	**Elliot Newman's Society Member**, Vanderbilt University, Nashville USA
2016-2018	**Implementation Science Institute Fellow**, Washington University in St. Louis, St. Louis, USA.

REVIEW ACTIVITIES

2016 NIH-funded Building University Infrastructure Leading to Diversity Initiative (BUILD) program (Portland State University)
2016 Early Career Reviewer Program, Center for Scientific Review, National Institutes of Health.
2016 Medical Research Council, MRC Jointly Funded Initiatives (UK)
2016 ESTHER Switzerland Project, European ESTHER Alliance (Bern)

JOURNAL EDITORIAL BOARDS

Associate Editor: BMC Pregnancy and Childbirth

JOURNAL REVIEWER

AIDS and Behavior

PRESENTATIONS since 2010 (excluding Vanderbilt teaching/guest lectures)

04/2010 Institute for Global Health, Grand Rounds, **Vanderbilt University**, Nashville TN.
"*Health Seeking Behavior in Zambézia Province, Mozambique"*

02/2011 Traditional Medicine Planning, **Ministry of Health, Mozambique**, Maputo, Mozambique. "*Traditional Healer practices and the impact on health seeking behavior in Zambézia Province, Mozambique*"

06/2011 Institute for Global Health, Grand Rounds, **Vanderbilt University**, Nashville TN. *Traditional Medical Practices in Mozambique*

07/2011 **Friends in Global Health Research Retreat**. Quelimane, Mozambique. "*The impact of poor clinical practices and alternative medicine on HIV positive patient care"*

11/2011 Department of Pharmacology, **Belmont University**. "*Potential Interactions between traditional and allopathic medicine in HIV positive patients"*

10/2012 Institute for Global Health, Grand Rounds, **Vanderbilt University**, Nashville TN. "*Interventions to Improve Patient Referrals to the Health Clinics"*

12/2012 Vanderbilt Comprehensive Care Center, Research Meeting**, Vanderbilt University** Nashville, TN"*The impact of stigma on HIV positive patients in TN"*

03/2013 Infectious Disease Grand Rounds, **Vanderbilt University**. "*Creating a System of Collaboration between Allopathic and Traditional medicine in Mozambique"*

10/2013 Department of Monitoring and Evaluation, **University of Waterloo**, Ontario, Canada. "Evaluating community health programs in low-literacy contexts"

01/2014 Agincourt Rural Facility. **University of Witwatersrand**, Johannesburg, South Africa. "Community Health Workers and the possibilities of health extenders"

12/2014 Department of Psychiatry, **Columbia University**, New York, NY. "Engaging traditional healers to improve health outcomes." Grand Rounds.

03/2015 International Women's Day Panelist: **Scarritt-Bennett Center**, Nashville, TN. Screening and discussion of Six Days Film.

02/2016 Global Health Week Speaker. **Vanderbilt University Medical Center**. "Engaging traditional practitioners to improve health outcomes in rural Mozambique"

06/2016 Family Medicine, Grand Rounds. **Meharry Medical College**, Nashville, TN**. "**Male Engagement in PMTCT services".

12/2016 Health Policy Grand Rounds. **Vanderbilt University Medical Center**. "Family-based HIV care and treatment during pregnancy and post-partum period"

12/2016 Institute for Global Health, **George Washington University,** Washington, DC. "Adapting Effective Interventions: Engaging Traditional Healers as Adherence partners for PLHIV in Mozambique."

HOME INSITITUTION COMMITTEES AND ADVIDORY BOARDS

2014 Latin American Studies MA Application Committee
2014-present Master in Public Health, Global Health Track Application Reviewer
2015-present Visibility Committee, Department of Health Policy

TEACHING ACTIVITIES

COURSES DEVELOPED & TAUGHT

Vanderbilt University School of Medicine
2016-2017 Qualitative Research Methods
2017 Qualitative Research Analysis
2014-2017 MHS 303/VIGH 5240 Essential Skills in Global Health
2008-2013 MHS 313/ VIGH 5248 Medical Anthropology
2009-2012 VIGH 5245 Foundations in Global Health

Vanderbilt University School of Arts and Sciences

2008-2011 MHS 290 Disease and Culture
2010, 2011 MHS 090 HIV and Culture
2009 ANTH 212 Maya Archaeology
2007 ANTH 103 Biological Anthropology

GUEST LECTURES FOR VANDERBILT COURSES (varying years)
Qualitative Research Methods to Research Scholars (visiting residents and physicians)
Global Health Skills (survey methods to MPH students)
Special Topics in Health and Human Services (Global Health course to Peabody students)
Music and Global Health (HIV and Global Health Lectures to VU undergraduates)
Kampala Project (HIV and African history to VU undergraduates)
Human Osteology (Skull, arms/had bones and feet to VU undergraduates)
Biological Anthropology (Evolution and genocide to VU undergraduates)
Rise and Fall of Civilizations (Aztec and Maya civilizations to VU undergraduates)

Degree-Candidate Trainees
2008-2011 Kate Groh, **MD** (IHA Cardiologist)
2010-2012 Shannon Skinner, **MD** (Chandler Regional Medical Center)
2011 Joaquim Sérgio Inácio Manhique, MD, **MPH** (Universidade Eduardo Mondlane)
2011-2015 David Amsalem, **MD** (UCSF Emergency Medicine Resident)
2012- 2014 Laura Edwards, **MPH** (Abt Associates)
2012-2014 Imani Brown, **MPH** (Vanderbilt University Medical Center)
2014-2016 Erin Hamilton, **MPH** (Vanderbilt University)
2014-2016 Erin Graves NP, **MPH** (Vanderbilt University Medical Center)
2015-2018 Benjamin Theobald **MD** (Vanderbilt University Medical Student)
2016-2018 Jose Arriola Vigo, MD, **MPH** (Vanderbilt University MPH candidate)

External Mentoring Activities
2016-2018 *Christopher James Smith*, **MD** (University of Texas, Austin MD Candidate)
2015-2017 Elvino Chiau, **MPH** (Universidade Politecnica in Quelimane, Mozambique)
2015-2016 Mentor for the AIDS Abstract Mentor Programme (IAS)

RESEARCH PROGRAM

ViiV Healthcare (200,000 per year) 11/30/2011- 11/30/2014
ViiV Positive Action for Children Fund
We will assess the clinical impacts of educating and engaging men in antenatal care in a rural clinical site in Zambézia Province, Mozambique. We will promote education among men and their mothers to increase engagement of pregnant women in an effort to improve uptake of health services, including prevention of mother to child transmission.
Role: Principal Investigator (25% effort)

PS002770-01 (Dawson-Rose, PI) 09/30/2010-09/29/2015
CDC/PEPFAR
Scaling up Comprehensive Positive Prevention in the Republic of Mozambique
This service grant provides treatment partners with the skills necessary to improved HIV care, treatment, and support for those living in Mozambique. We are testing several strategies to improve referrals, counselling, and support for HIV positive individuals, including those living in the most rural areas.
Role: Vanderbilt Principal Investigator (20% effort)

Amos Christie Award 08/10/2011- 11/01/2014
Vanderbilt Institute for Global Health
Assessment of the impact of an educational training on traditional healers HIV knowledge and their ability to refer patients to the health care facility in Zambézia Province, Mozambique
Role: Principal Investigator (0% effort)

R01HD075075-01 (Aliyu, PI) 09/28/2012 – 06/30/2015
NIH/NICHHD/PEPFAR
Optimizing integrated PMTCT services in rural North-Central Nigeria. This parallel, cluster randomized trial seeks to evaluate the impact of a family-focused PMTCT package that includes: 1) task-shifting to lower-cadre providers at PMTCT sites; 2) Point of care CD4+ cell count testing; (3) Integrated mother-infant care; and (4) a prominent role for influential family members (male partners), working in close partnership with community-based health workers/volunteers.
Role: Co-Investigator (20% effort)

VCTRS Award Program 11/01/2012-05/30/2015
The Vanderbilt Clinical & Translational Research Scholars (VCTRS) Program provides junior faculty and fellowship level trainees up to three years of K award equivalent funding, who have been offered a faculty appointment and are committed to a career in clinical or translational investigation, with a mentored research apprenticeship integrated with the didactic training of the MSCI or MPH programs. Research is focused on developing a formal and scalable system to incorporate traditional health practitioners into the allopathic health system in rural Mozambique and South Africa.
Role: Principal Investigator (80% effort)

MIHM D43TW009675-03 (PI: Wainberg) 6/1/2014 - 5/31/2019
PALOP mental health implementation research training
PALOP (Paises Africanos de Lingua Oficial Portuguesa) Mental Health (MH) Implementation Research Training Program. Globally, mental disorders remain 3 of the top 10 contributors to years lived with disability among those over age 15. This is even more so in low- and middle-income countries (LMICs) such as Mozambique; over 75% of those with mental disorders in LMICs receive no care despite substantial disability, and where treatment is provided, it is rarely based on evidence-based practices and human rights violations occur frequently. Partnering with Universidade Eduardo Mondlane (UEM) and in alliance with Universidade Federal de Sao Paulo (UNIFESP) and the Vanderbilt Institute for Global Health (VIGH), we propose a program in Mozambique with a North-South and South-South collaboration that will train the next generation of PALOP MH implementation scientists in a 2- year fellowship.
Role: Investigator (10% effort)

NIMH K01MH107255-01 06/01/2015- 05/31/2019
This National Institute of Mental Health K01 award, Traditional Healers as Adherence Partners for PLHIV in Rural Mozambique, will provide 4 years of protected time for research and training during my time as an Assistant Professor. My research will focus on developing a novel strategy for engaging traditional healers as treatment advocates, educators, and adherence coaches for patients newly diagnosed with HIV in Zambézia Province, Mozambique. The training component will include additional training in psychometrics and survey analysis.
Role: Principal Investigator (80% effort)

PENDING

1R01MH113478-01 (Audet, PI) (score: 25/ 7th percentile) 05/01/2017-04/30/2022
The primary objectives of Partners-based HIV Treatment for Sero-concordant Couples attending Antenatal Care are to evaluate the impact and cost-effectiveness of couples-centered services for HIV-infected seroconcordant pregnant women and their partners. Our intervention includes: (1) ANC-based couples HIV testing, ART enrollment, and care for HIV+ expectant couples; (2) Couple-based treatment in the post-partum period; (3) Couple-based education and skills building; and (4) Treatment continuity with the support of expert-patient (peer) supporters from couples who have successfully navigated EMTCT.
Role: Principal Investigator (25% effort)

U19 (Wainberg, PI Columbia University) (score 31) 03/01/2017-02/28/2022
Community **I**mplementation of **S**BIRT using **T**echnology for **A**lcohol use **R**eduction in Mozambique (Community I-STAR Mozambique). The SBIRT team will translate and adapt our NYS mSBIRT app to Mozambique's context/culture. Guided by the RE-AIM model, we will conduct a cluster-randomized, hybrid effectiveness-implementation type 2 trial in 12 districts: 6 districts will be randomized to receive mSBIRT, and the other 6 will be randomized to an SBIRT conventional training and supervision strategy (SBIRT-CTS). Both arms will be delivered by CHWs. The condition showing higher cost-effectiveness in the two-year trial will then be scaled-up in the other 6 districts for 12 "cross-over" months. Throughout the type 2 trial and the "cross-over" scale-up months, qualitative and process assessments will complement quantitative assessments to examine mediators of implementation, sustainability, and scale-up.
Role: Vanderbilt Principal Investigator (10% effort)
