

Windows 10 Quick Start Guide

Basic information for using Windows 10 on a Clinical Workstation

Four Locations

1. Legacy vCWS- virtual windows 7 desktop
2. vCWS- virtual CWS desktop
3. eStar- eStar Production
4. Web Resources/Most Used Applications

*Click on the **Web Resources** icon to see a list of applications and their respective locations*

Hover Over

Hover mouse over the computer icon in the bottom left corner of the tool bar of the vCWS screen to see which locations you currently have open.

Restart Virtual Machine

To restart the Virtual Machine, click on the drop-down menu arrow next to **Options** in the top Virtual tool bar, then click **Disconnect** and **Log Off**.

Tap Off – New and Improved!!!

The Tap In/ Tap Out function has been updated! Never leave a work station without tapping the badge reader to sign out. It is important to make sure others don't have access to your account or Patient Health Information (PHI).
