

# Configure @vumc.org email to Native Android application

VANDERBILT  UNIVERSITY  
MEDICAL CENTER

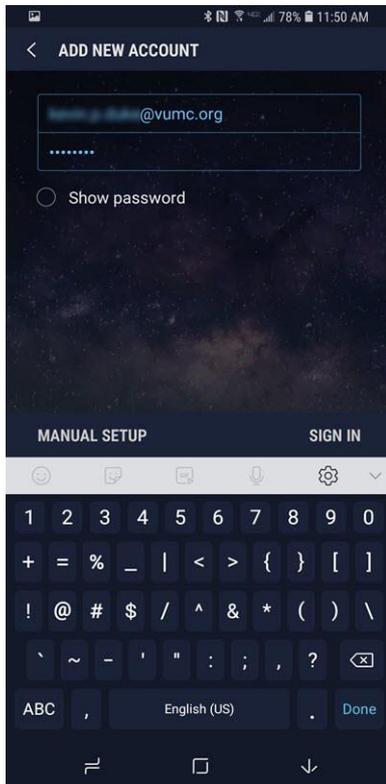

Information Technology

1. Open the **Apps Window** and click the **Email** icon

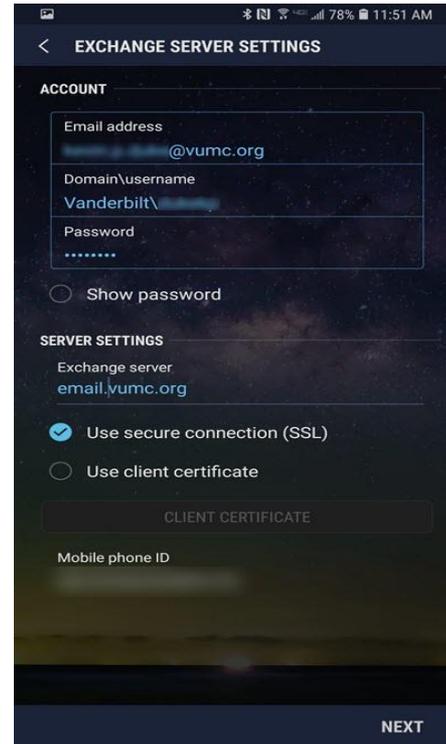

2. On the **Set Up Account** Window, touch the **Corporate** icon.

### 3. Enter your @vumc.org email address and VUNetID Password

### 4. Touch **MANUAL SETUP**

### Exchange Server Settings:

Email Address: [\\*@vumc.org](mailto:*@vumc.org)

Domain\username:  
Vanderbilt\

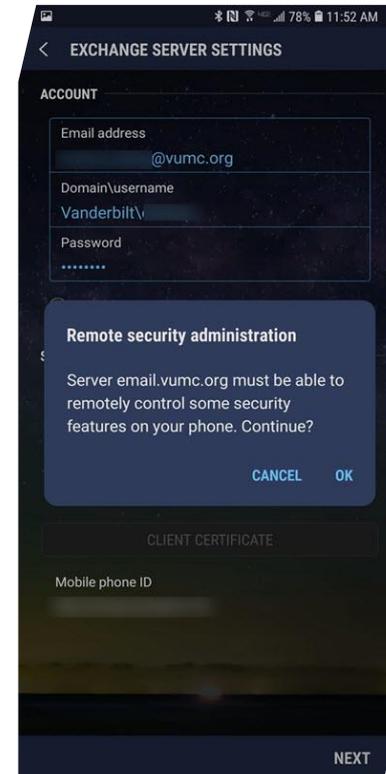

Password: <VUNetID Password>

SERVER SETTINGS  
Exchange Server: email.vumc.org

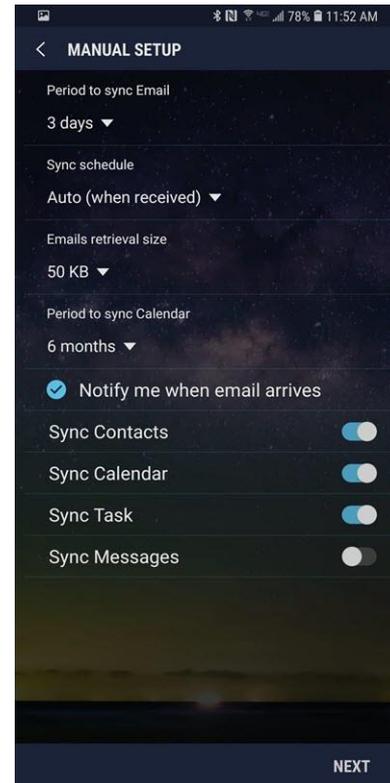

Verify that "Use Secure Connection (SSL) is checked and touch **NEXT**

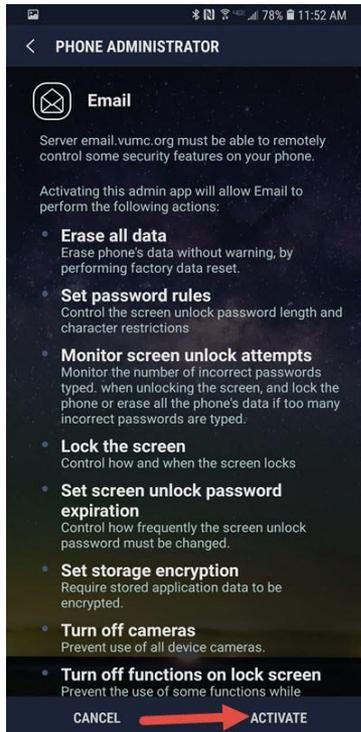

5. The remote security administration pop-up will appear.

6. Touch **OK** to continue.

7. The **MANUAL SETUP** window will appear. Configure your personal email preferences. Touch **NEXT**.

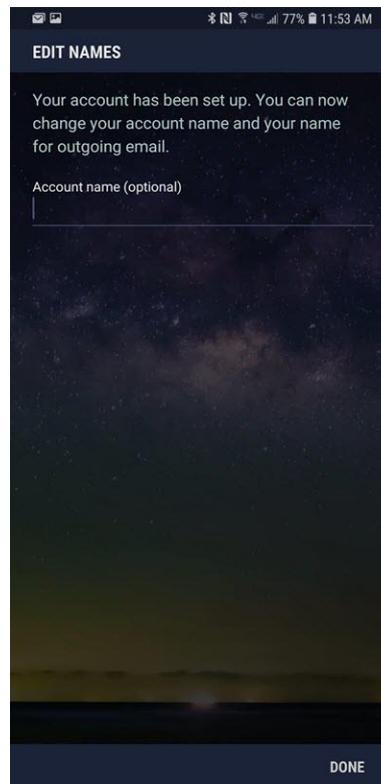

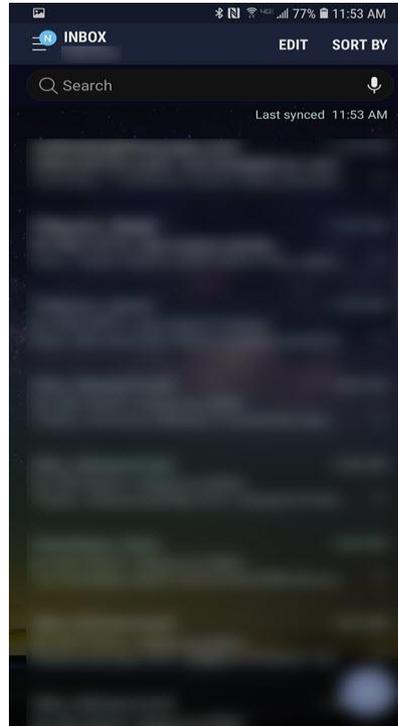

8. The **PHONE ADMINISTRATION** window will open. This explains what security features the email server can control on your phone.

If you agree to allow the email server to have this control, touch **ACTIVATE**.

If not, touch **CANCEL**, but *you will not be able to receive VUMC email on your phone.*

9. The next window that appears is optional. It allows you to give your email account a nickname. It defaults to your vumc.org email address ,but you can name it anything. It will only show this name on your phone. Touch **DONE**.

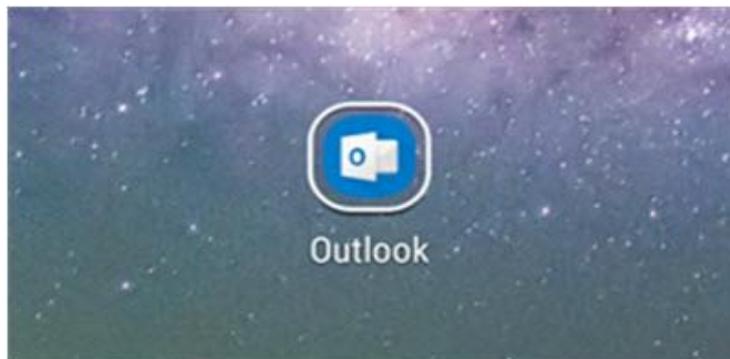

10. Your Inbox will appear and start downloading your email. This verifies that the mailbox has been added correctly.

Congratulations. You are finished configuring your email.

# Adding VUMC email to Outlook on Android

Information Technology

VANDERBILT  UNIVERSITY  
MEDICAL CENTER

1. Download and install Microsoft Outlook to your Android device. Once installed touch the **Outlook** icon.
