Does this plan cover me when I am off campus, traveling or studying abroad?

Yes, the Student Health Insurance Plan covers you during semester breaks, summer vacation and even if you're traveling or studying abroad. You'll be covered for the period for which you are enrolled and premiums are paid.

In addition to being covered for medical treatment and services, you will also be covered for Emergency Medical Evacuation, Repatriation of Remains, Security and Political Evacuation, Natural Disaster Evacuation, and 24-hour worldwide travel assistance services through UnitedHealthcare Global. All services must be arranged for in advance and provided by UnitedHealthcare Global. Any services not arranged by UnitedHealthcare Global will not be considered for payment.

- When studying or traveling abroad, keep your Student Health Insurance ID card with you and take a copy of the brochure for reference.
- When outside of the United States, you will likely be asked to pay for your medical care first and will then need to submit for reimbursement. Covered Expenses will likely be reimbursed on an Out-of-Network basis.
- When you submit claims for reimbursement, you will need to have the itemized bill(s) translated into English and include a letter informing the claims administrator that you are seeking reimbursement for charges previously paid.
- Please ensure that your name, ID number, address (to receive your reimbursement check), and your school's name are on the bill.

Will I be covered under the plan after I graduate?

You will be covered under the Student Health Insurance Plan until the end of the policy period for which you are enrolled and premium has been paid. If you enrolled and paid for annual or spring/summer coverage and graduate in the Spring, you will be covered until the end of the policy year. There is no option to continue coverage after the policy terminates.

International students who are graduating in December or May and returning to their country of regular domicile, can request a prorated return of premium by contacting the On-Campus Student Insurance Representative.

- The request must be made within 31 days of the departure date and documentation must be provided proving the student's departure.
- For Insured students who also have coverage for eligible dependents, a refund of excess premium for their covered dependents will be issued. The refund amount will be determined if the termination is approved.

Eligibility, Enrollment & Waiving

Who is eligible for the plan?

All undergraduate and graduate international students attending Vanderbilt University are automatically enrolled in and billed for the Student Health Insurance Plan in order to maintain compliance with Federal Regulations relating to J-1 Visa Status that require international students and their dependents residing in the U.S. to maintain adequate insurance coverage. **Enrollment is on a mandatory basis.**

Students must actively attend classes for at least the first 31 days after the effective date of the period for which coverage is purchased. Home study, correspondence, and online courses do not fulfill this requirement.

Can I enroll my eligible dependents?

Yes, you can enroll your eligible dependent(s) at the same time as your own initial plan enrollment by following the steps described in the 'How do I...?' section of this document. Dependent coverage must be purchased for the same time period as the students and cannot exceed the student's period of coverage. For example, a student enrolled for annual coverage that doesn't enroll their dependents for annual coverage cannot purchase dependent coverage for the spring semester unless a qualifying event, as defined below, occurs.

Students can add eligible dependent(s) if one of the qualifying events occur: (a) marriage, (b) birth of a child, (c) divorce, or (d) if the dependent is entering the country for the first time. If one of these qualifying events occurs, the Dependent Enrollment Form, supporting documentation and payment **must** be received by Gallagher Student Health & Special Risk within 31 days of the qualifying event. If approved, coverage will start on the date of the qualifying event. The premium is not prorated. Forms received more than 31 days after the qualifying event will not be processed. Once a dependent is enrolled, coverage cannot be terminated unless the student loses eligibility.

The deadlines to enroll dependents are as follows:

- September 12, 2018 for newly enrolled and returning Annual students to have an effective date of August 12, 2018
- February 1, 2019 for newly enrolled Spring students to have an effective date of January 1, 2019
- June 1, 2019 for newly enrolled May Mester students to have an effective date of May 1, 2019
- July 1, 2019 for newly enrolled Summer students to have an effective date of June 1, 2019

Your student account cannot be billed for dependent coverage. All interested students must pay Gallagher Student Health & Special Risk directly.

Once I'm enrolled in the Student Health Insurance Plan, can I terminate coverage? Can I get a refund?

Yes, students enrolled for Annual coverage can request to terminate coverage for the spring semester and receive a pro-rated refund of premium in the following situations:

1. International students graduate in December or May and who are returning to their country of regular domicile, can request to terminate coverage and obtain a refund of spring semester premium can be made.
 - The request must be made within 31 days of the departure date and documentation must be provided proving the student's departure.
 - Please contact the On-Campus Student Insurance Representative, located at the Vanderbilt University Student Health Center (Zerfoss Building) for details.
 - Insured students who also have coverage for eligible dependents may request a refund of premium for their covered dependents, only if their coverage was purchased on an annual basis. Students who are paying for dependent coverage on a payment plan basis are not eligible for a refund of dependent premium.
2. Students or dependents entering the armed forces may request to terminate coverage and receive a pro-rated refund of premium at any time. Documentation of entrance into the armed forces is required.

Other than the instances listed above, students will remain enrolled in and billed for the Student Health Insurance Plan for the duration of the period for which they purchased coverage.
