Attention Clinical Faculty: Teaching Evaluations Available for Review in New Innovations

Evaluations completed by residents/fellows (July 1, 2018 - Dec. 31, 2018) are available for your review in New Innovations.

[Click here](#) to access the Vanderbilt New Innovations log in home page.

eStar Update

For new adult preoperative evaluations, substance abuse history will now be pulled automatically into the note text (below right). To edit this information, edit the Social History within the History section of the preprocedure navigator (below left).

New Cloud CME System

The Anesthesiology MMI Series has been approved for ABA MOCA 2.0 Part 2 Credit beginning on **Friday, Jan. 25, 2019**.

MOCA Patient Safety (PS) CME credits can be claimed by board-certified anesthesiologists who are enrolled in the MOCA program offered through the ABA.

Please see the instructions below.

[Directions on Obtaining ABA MOCA 2.0 Part 2 Credit](#)

You can contact [Brooke Hoover](#) if you have questions.

Grant Submission Guidelines

The Departmental Grants Process Policy has been updated and revised. Most timelines for submitting budgets and other grant materials are unchanged.

Requirements for submitting Mentored Research Grants (FAER, IARS, K awards, etc) that require a significant departmental cost share must be submitted 90 days in advance for review by the Anesthesiology Research Executive Committee.

The revised policy is attached here and also available in the Research Toolbox on the Department's website.

New VPIMS web servers used for Peri-Procedural Applications

As of Sunday Jan. 20, 2019, applications associated with VPIMS (SAGA, Integrated Presence, eORBoard, LivRBoard, FPPE, TissueTracking, VideoBoard, Break Tracker, VPIMS Web) have been migrated to a new server.

Associated URLs (links) within the CWS and Integrated EPIC environments have been updated to use the new links. What this will not update is all the AWS workstations that may have custom shortcuts or bookmarks. Even with the personal shortcuts and bookmarks, our current servers should forward "most" of them to the new links with no user interaction. That being said, we want to make sure the users have the correct links in case they have bookmarks to pages we don't have forwarded. **Please note that these applications can only be launched from within the VUMC network. If you are offsite or mobile, you will need to use the VPN to use these websites/applications.**

If you are having issues getting to any of the applications, please call the HelpDesk (3-4357).

Attention All General Surgery and Anesthesiology Faculty

We have been running Intern Skills sessions for the surgery and anesthesiology interns. Our yearly global assessment sessions run after the New Year and compile all we have taught them (central line, breaking bad news, etc). Importantly we have attending physicians assess and give feedback.

I would greatly appreciate it if you could assist us with any of the sessions listed below, Thursday afternoons from 3 p.m. - 5:30 p.m. at CELA on the 4th floor. We will need five to six instructors per date; we will run six rooms simultaneously, and we need an observer for each room. Thank you to some who have already signed up; I know many are seeing this for the first time. I will give you all you need day of, no prep work involved. Please email Katie Riera (katherine.m.riera@vumc.org) if interested in a date.

Feb. 21:

Feb. 28:

*March 7: Remediation: will fill later on case by case basis if applicable

Vent Sessions:

I also would appreciate anyone willing to teach vent sessions on Thursday, March 7, 2019 (if not needed for remediation), Thursday, March 21, 2019, and Thursday, March 28, 2019. There is flexibility with dates. There is a vent PowerPoint presentation that has been passed down. Anesthesiology attendings have historically given this lecture, but we are happy to have anyone who is interested.

Thank you for everyone's help (most importantly your time), and I know the interns really appreciate it.

-Katie Riera, MD, and Maren Shipe, MD

SCRIPS Resident/Fellow Applications Accepted Until February 15, 2019

Employee Recognition: GEMs (Going the Extra Mile)

We want to recognize good work when we see it and encourage our colleagues to recommend our next GEM. Do you know someone who has made your day brighter or easier? Someone who has gone above and beyond? Please let us know the details so that we can recognize that person for a job well done.

Please [click here](#) to submit a GEM recommendation.

Physician Anesthesiologists Week

On Friday, Feb. 1, 2019, faculty enjoyed ice cream and cake for Physician Anesthesiologists Week.
