

January 29, 2019

eStar Update

For new adult preoperative evaluations, substance abuse history will now be pulled automatically into the note text (below right). To edit this information, edit the Social History within the History section of the preprocedure navigator (below left).

New Cloud CME System

The Anesthesiology MMI Series has been approved for ABA MOCA 2.0 Part 2 Credit beginning on Friday, Jan. 25, 2019.

MOCA Patient Safety (PS) CME credits can be claimed by board-certified anesthesiologists who are enrolled in the MOCA program offered through the ABA.

Directions on Obtaining ABA MOCA 2.0 Part 2 Credit

You can contact Brooke Hoover if you have questions.

Grant Submission Guidelines

The Departmental Grants Process Policy has been updated and revised. Most timelines for submitting budgets and other grant materials are unchanged.

Requirements for submitting Mentored Research Grants (FAER, IARS, K awards, etc) that require a significant departmental cost share must be submitted 90 days in advance for review by the Anesthesiology Research Executive Committee.

The revised policy is attached here and also available in the Research Toolbox on the Department's website. Click here to view.

New VPIMS web servers used for Peri-Procedural Applications

As of Sunday Jan. 20, 2019, applications associated with VPIMS (SAGA, Integrated Presence, eORBoard, LivRBoard, FPPE, TissueTracking, VideoBoard, Break Tracker, VPIMS Web) have been migrated to a new server.

Associated URLs (links) within the CWS and Integrated EPIC environments have been updated to use the new links. What this will not update is all the AWS workstations that may have custom shortcuts or bookmarks. Even with the personal shortcuts and bookmarks, our current servers should forward "most" of them to the new links with no user interaction. That being said, we want to make sure the users have the correct links in case they have user bookmarks to pages we don't have forwarded. Please note that these applications can only be launched from within the VUMC network. If you are offsite or mobile, you will need to use the VPN to use these websites/applications.

If you are having issues getting to any of the applications, please call the HelpDesk (3-4357). Click here for more detailed information.

Attention All General Surgery and Anesthesiology Faculty

We have been running Intern Skills sessions for the surgery and anesthesiology interns. Our yearly global assessment sessions run after the New Year and compile all we have taught them (central line, breaking bad news, etc). Importantly we have attending physicians assess and give feedback.

I would greatly appreciate it if you could assist us with any of the sessions listed below, Thursday afternoons from 3 p.m. - 5:30 p.m. at CELA on the 4th floor. We will need five to six instructors per date; we will run six rooms simultaneously, and we need an observer for each room. Thank you to some who have already signed up; I know many are seeing this for the first time. I will give you all you need day of, no prep work involved. Please email Katie Riera (katherine.m.riera@vumc.org) if interested in a date.

- Jan. 31: Terhune
Feb. 21:
\*March 7: Remediation: will fill later on case by case basis if applicable

Vent Sessions:

I also would appreciate anyone willing to teach vent sessions on Thursday, March 7, 2019 (if not needed for remediation), Thursday, March 21, 2019, and Thursday, March 28, 2019. There is flexibility with dates. There is a vent PowerPoint presentation that has been passed down. Anesthesiology attendings have historically given this lecture, but we are happy to have anyone who is interested.

Thank you for everyone's help (most importantly your time), and I know the interns really appreciate it. -Katie Riera, MD, and Maren Shippe, MD

SCRIPS Resident/Fellow Applications Accepted Until February 15, 2019

Anesthesiology Education Conference Schedule

This Week: January 28-February 1
Next Week: February 4-8
Click here to view the most recent calendar for the 2019 academic year (Grand Rounds and Visiting Professor Seminars).

Grand Rounds
Friday, Feb. 1 | 6:30 a.m. | 214 Light Hall
Anesthesia and Long-Term Care Outcomes. Can We Make a Difference?
Visiting Professor Seminar
Thursday, Jan. 31 | 3:30 a.m. - 4:30 p.m. | 2301-A VUH
Hip Fracture Care and Anesthesia—Are You Doing It All Wrong?

Presented by
Stuart Alan Grant, MB, ChB, MMCI, FRCA
Professor of Anesthesiology
Director, Medical Student Education
Department of Anesthesiology
Duke University Medical Center
Durham, North Carolina
All are invited. Read more

Additional CME Opportunities

Surgical Grand Rounds: Friday, Feb. 1, 2019, at 7 a.m. in 208 Light Hall
2nd Annual Gavin Family Lectureship for Trauma & Acute Care Surgery
Topic: Dying a Good Death
Presented by: Deborah M. Stein, MD, MPH
Read more

BH Robbins Seminar: Thursday, Feb. 7, 2019, at 3:30 p.m. in 4648 TVC
Topic: How to Predict, Detect, and Treat Postoperative Decompenation using Clinical Informatics Tools
Presented by: Robert Freundlich, MD, MS

Attention Anesthesiology Faculty and Staff

In celebration of Physician Anesthesiologist Week, there will be an Ice Cream Social on Friday, Feb. 1 from 12:30 p.m. - 2:30 p.m. in 4648 TVC.

I envy people who own a convertible and can drive around with the wind in their hair. (If you know me, you will find that amusing.) However, renting an upgrade car when you are on a business trip is a no no, unless you will pay for the difference. VUMC wants to support you in having decent transportation, but not so much in your need to look good! Also, please turn down offers to pay for the fuel and insurance when you rent a car. The rental car companies charge way more than the going rate for fuel, and as an approved traveler for VUMC, you and your equipment/luggage are already insured. One last thing, please don't rent a car when your hotel and conference center are in the same complex, or only a short stroll apart. And yes, we check! Just ride share from the airport and back and you will be all set. Please send your travel reimbursement questions to mark.l.stevens@VUMC.org.

Random Winter Contest: If you are like me, you have put on a few pounds over the holidays. I don't want to say I am overweight, I am just "big boned." In honor of all of us big boned people, I am giving away a 2XL and three 3XL, black, fleece, Anesthesiology zipper jackets to the first correct email responders to my CME trivia question. Supervisors/managers/leaders, producers of the newsletter, and Concur approvers are not eligible. You are still eligible if you are skinny, you just have to know someone the jacket will fit. Only one guess (I mean entry) per person.

Here's the question: Our Department CME policy (aka Professional Education and Academic Expense Fund for Faculty and CRNAs) has five sections. Which section spells out the items on which you may spend CME funds?

Department of Anesthesiology presents the 10th annual Dr. Bradley E. Smith Endowed Lectureship on Medical Professionalism. Featured Guest Speaker: David O. Warner, MD. Topic: "Professionalism Write Large: Amplifying Your Influence". Friday, February 8, 2019 | 6:30 am | Light Hall, Room 202

Employee Recognition: GEMs (Going the Extra Mile)

We want to recognize good work when we see it and encourage our colleagues to recommend our next GEM. Do you know someone who has made your day brighter or easier? Or someone who has gone above and beyond? Please let us know the details so that we can recognize that person for a job well done. Please click here to submit a GEM recommendation.

Stay Connected

We want to hear from you! Send your news, awards, and accomplishments - to be shared in faculty and staff meetings, the Weekly Update, newsletters, and social media - to AnesthesiologyCommunications.

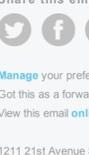

Happy Birthday! Click here to view our February Birthdays

Department Achievements

Elisabeth Hudson has been appointed to the Association of Anesthesiology Program Administrators and Educators (AAPAE) Council.

Brian Rothman, MD, and Bridget Loveless will give a presentation for the upcoming Perioperative Advisory Council (Periop) at Epic XGM in May. Their presentation is titled "Flightboards and Their Impact In Every OR."

Heather Jackson, MSN, RN, APRN-BC, reports that her manuscript entitled "A Scoping Review of Acupuncture as a Potential Intervention for Neonatal Abstinence Syndrome (NAS)" was just accepted for publication into Medical Acupuncture.

Tweet of the Week

Twitter post from @VUMC\_Anas: Justin Liberman, MD, has been appointed Associate Quality and Patient Safety Director. @VUMChealth #PatientSafety #Quality #anesthesiology

Follow us on Twitter.

Please submit content by 6 p.m. Tuesday for each Wednesday issue. Submit questions/content to: AnesthesiologyCommunications
