Attention Faculty: AAA Error

An error in a formula within the AAA spreadsheet has been brought to our attention. In the Major Publications tab, entering an Impact Factor of "L" ("Lower") yields a score of 120 (1st author), 100 (2nd or Senior author), or 70 (other author). This is an error in the formula, as a Lower Impact Factor ("L") should yield a score of 180 (1st author), 150 (2nd or Senior author), or 105 (other author).

When you return your completed spreadsheet to me, I will be making this correction in the formula.

Please reach out to me at AnesthesiologyFacultyAffairs@vumc.org or 615-875-4581 with any questions or concerns about this or any other part of the spreadsheet.

-Lexi Titlor

Spine ERAS

The new Spine ERAS intra-operative pathway was launched on Wednesday, June 5. There are three separate protocols that should be linked in EPIC Banner. It's also available on the CEBA site.

Please contact [Letha Mathews, MBBS](mailto:Letha.Mathews_MBBS), with questions.

Additional CME Activities

Surgical MM&I Conference: Wednesday, June 12 at 6:30 a.m. in 214 Light Hall

Employee Recognition: GEMs (Going the Extra Mile)

We want to recognize good work when we see it and encourage our colleagues to recommend our next GEM. Do you know someone who has made your day brighter or easier? Someone who has gone above and beyond? Please let us know the details so that we can recognize that person for a job well done.

Mark Stevens would like to recognize the Administration Team and PCR! I want to thank the following people for their hard work in covering the responsibilities of Tanya Steinback while she has been out on short-term disability. They have all done an amazing job in helping out. Without them, I would have torn out the rest of my hair! GEMs to DeWayne Campbell, Denise De La Torre, Steve Klintworth, Valerie Lineberry, Sara Mihalko, Bridget Frosina, Harrison Johnson, Jennifer Cook and Brooke Hoover. You are all the best!

Brent Dunworth would like to recognize Dawn Martin: Dawn Martin has such a dedication to customer service. A new employee recently came to me to remark upon the energy and effort that Dawn puts forth to make the onboarding experience such a smooth one. For example, instead of just sending someone to 2525 West End Ave. to get an ID badge, she escorts them and spends some time getting to know them in a welcoming fashion. Dawn makes the first impression of VUMC very memorable.

Please [click here](#) to submit a GEM recommendation.

The department celebrated the retirement of **Ki Szymd-Hogan, CRNA**, after 24 years of service to VUMC. Ki was the CRNA Service Specialist in GI and Radiology for many years and contributed to relationship-building and clinical improvement in those areas. Her kind presence will be sorely missed as she begins her retirement in her new home in Florida. Many thanks, Ki, and congratulations on this great milestone!

Message from Ki

I wanted to tell everyone how much I have enjoyed working at VUMC for all these years. It has definitely been a home away from home for me. I feel like I have raised my children here. I will miss everyone and could not have worked with a more wonderful group.

Thank you so much for the beautiful Waterford vase. I like to think I saw it being made when I was at the Waterford factory awhile back. Also, thank you for the lovely luncheon, I got to see many of my co-workers and say bye.

Hope to see some of you in Chicago in August.

Keep in touch: kihogan@comcast.net, and many already have my phone number.

Thanks,

Ki

Stay Connected

We want to hear from you!

Send your news, awards, and accomplishments - to be shared in faculty and staff meetings, *Weekly Update*, newsletters, and social media - to Anesthesiology.Communications.

Happy Birthday!
