IMPORTANT: COVID-19 UPDATED ON WEBSITE

Every VUMC website has a blue pop-up or banner with links to the most up-to-date COVID-19 management guidance. It is changing daily.

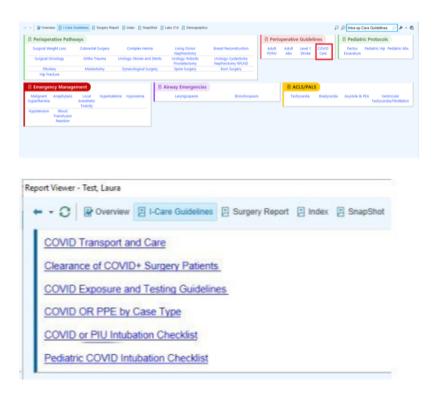

Faculty, staff, and trainess should refer to that website (www.vumc.org/coronavirus) for guidance related to COVID-19 questions.

CLINICAL INFORMATION

NEW: COVID Resources Update

On Wednesday, Nov. 11, 2020, eStar will be updated to include the COVID-related documents most pertinent to the perioperative management of surgical patients. Images below illustrate where you can find this under i-Care Guidelines. If you have difficulty accessing these documents, please email Matt McEvoy or Brent Dunworth.

OPPORTUNITIES, RESOURCES & OTHER ANNOUNCEMENTS

NEW: CLARITY - Master the manuscript

The Department of Anesthesiology has two full-time editors on staff. To request editing or to inquire about our services, use our Editorial Support Request form.

UPDATED: COVID-19 Literature Search

Many faculty have expressed interest in easy access to the latest and best scientific evidence about COVID-19. The CLARITY program has developed a custom PubMed search designed to capture most of the anesthesia professional relevant evidence-based literature on COVID-19 appearing in the highest-impact general and anesthesia journals. To see our most recent weekly selections (17 entries chosen from 36 search results received on 11-04-20), use this link: Display the 17 citations in PubMed. A quick read of the titles and the abstracts (click on paper title) will help you determine which articles you might like to read. To read the full text of a paper, you may need to log in to PubMed using your VUNet ID and Password. To log in initially, follow these steps:

- Click on the link provided above to see this week's article list in PubMed.
- Select "Log In" (top right corner of screen).
- Select "other log in options." Search Vanderbilt on the next screen or scroll down to click on Vanderbilt University and enter your VUNet ID and password.

You are now logged in to PubMed. By logging in this way, you have our search selections list available to scroll through (navigating left to right), and you can access full text for each article via the library subscriptions. Note also that "similar articles" are displayed beneath each article in the list.

NEW: One Hundred Oaks Endoscopy Lab Opened on November 9

After much planning, the new OHO GI Endoscopy suite opened for business on Monday, Nov. 9. The suite will consist of five procedure rooms staffed by anesthesiology faculty and CRNAs. Pictured (left to right) are Dao Ha, Brent Dunworth, Alison Martin, Donna Keeney, Gwen Sanders, and Amanda Dickert. Missing from the photo is Dr. Greg Panomitros and Sue Christian, who also guided the planning, construction, and opening success.

NEW: Department Achievements

The Vanderbilt Institute for Infection, Immunology and Inflammation features Julia Bohannon, PhD, in a faculty spotlight this month. Read here.

Philadelphia Eagles pick VUMC resident Alex Cesare, MD, to sing national anthem before game. Read more here.

NEW: Employee Recognition: GEMs (Going the Extra Mile)

We want to recognize good work when we see it and encourage our colleagues to recommend our next GEM. Do you know someone who has made your day brighter or easier? Someone who has gone above and beyond? Please let us know the details so that we can recognize that person for a job well done.

Beverly Fletcher would like to recognize Jenelle Grewell and Martha Tanner: "Jenelle Grewell and Martha Tanner both worked with me at lightning speed helping to create a safe online payment process for our ASA MOCA course. With their help, we are now linked through our website for the participants to pay directly using their credit card when registering. This has alleviated numerous steps previously involved to receive payment for the course. Kudos to Jenelle and Martha. Your tenaciousness in making this happen is greatly appreciated."

Please click here to submit a GEM recommendation.
