Benefits of ORCID

Benefits of ORCID

- Your ORCID iD **distinguishes you**
- Your ORCID iD **persists over time**
- Your ORCID record can bolster your **digital identity**
- Your ORCID iD will ensure that you **meet funder, publisher, and reporting requirements**
- Your ORCID record can **save you time** when you have to fill out forms, etc.

Distinguish Yourself

Your ORCID iD **distinguishes you** from others and ensures your research outputs and activities are correctly attributed to you.

ORCID in the Research Landscape

Save Time

Meet Requirements - Funders

Many funders require (or will soon) investigator ORCID iD (especially in the health sciences) - a few examples:

- American Heart Association
- Autism Speaks
- Children's Tumor Foundation
- Damon Runyon Cancer Research Foundation
- Howard Hughes Medical Institute
- Melanoma Research Alliance
- National Institutes of Health
- Simons Foundation
- Wellcome Trust
- + many more

Funders

- NIH, NSF, DOE, and other federal funding agencies will soon be asking for or requiring ORCID iDs in grant applications:

The image shows a screenshot of a Presidential Memorandum. On the left, there is a section titled 'Persistent Identifiers' with two paragraphs. Paragraph (v) states that funding agencies must establish policies for researchers to be registered with a digital persistent identifier. Paragraph (vi) states that agencies must standardize disclosure processes and forms, and integrate digital persistent identifiers where appropriate. On the right, the title of the memorandum is displayed: 'Presidential Memorandum on United States Government-Supported Research and Development National Security Policy'. Below the title, it says 'NATIONAL SECURITY & DEFENSE' and 'Issued on: January 24, 2021'. At the bottom of the screenshot, there is a URL: <https://trumpwhitehouse.archives.gov/presidential-actions/presidential-memorandum-united-states-government-supported-research-development-national-security-policy/>. At the bottom of the slide, there is a dark blue bar with the NIST logo on the left and 'MATERIAL MEASUREMENT LABORATORY' on the right, with a small icon of a mouse cursor pointing to the right.

Persistent Identifiers

(v) Consistent with applicable Federal laws and statutory authorities, within 1 year of the date of this memorandum, funding agencies shall establish policies regarding requirements for individual researchers supported by or working on any Federal research grant to be registered with a service that provides a digital persistent identifier for that individual.

(vi) Agencies shall standardize disclosure processes, definitions, and forms across funding agencies to the extent practicable. The Director of the Office of Management and Budget (OMB) shall work with OSTP, the Office of Government Ethics, and other agencies to coordinate the standardization of policies and forms related to disclosure of conflicts of interest and commitment. Where appropriate and consistent with applicable Federal laws and regulation, agencies should standardize forms for initial disclosures as well as annual updates, integrating digital persistent identifiers wherever appropriate and practicable, and should provide clear instructions to accompany these forms and to minimize any associated administrative burden.

Funding systems can allow for:

- **Signing in using ORCID:**

A screenshot of the ProposalCentral login interface. At the top, there is a user profile icon. Below it, the heading "Applicant or Awardee" is displayed. The text reads: "Sign in to ProposalCentral to a search for funding opportunities, submit grant applications or manage your profile." There are two main login options: a "LOGIN WITH ORCID" button with a green ORCID icon and a small circular icon to its right, and a traditional username/password login section. A large red arrow points to the "LOGIN WITH ORCID" button. Below the "OR" separator, there are input fields for "USERNAME OR E-MAIL" and "PASSWORD", followed by a blue "LOGIN" button.

Biography

Dr. Mariana Amorim Fraga obtained her MSc in Electrical Engineering from the University of São Paulo (USP, Brazil) and her PhD in Aeronautics and Mechanical Engineering from the Technological Institute of Aeronautics (ITA, Brazil). Currently, she is a Visiting Professor at the Biomedical Engineering Program, Federal University of São Paulo (UNIFESP, Brazil). She is a Senior Member of IEEE and a member of SPIE, ACS, AVS and AAAS. She is the author of more than 50 articles in SCI journals and 14 book chapters. She is also editor of 3 books, guest editor 7 special issues and reviewer of over 50 indexed journals. Her research interests are in the materials science and engineering areas, mainly in the synthesis and characterization of nano-materials for the development of sensors, electronic devices and energy technologies. She serves as an editorial board member of the following journals: Materials Science in Semiconductor Processing (Elsevier), Smart Materials in Medicine (KeAi Publishing/Elsevier), Materials Research Express (IOP), IEEE Latin America Transactions (IEEE), Frontiers in Mechanical Engineering (Frontiers), Journal of Aerospace Technology and Management (JATM) and Revista Matéria (UFRJ).

The form includes a "Password" field with a strength indicator (1) and a help icon (?). Below it, three requirements are listed with checkmarks: "8 or more characters", "1 letter or symbol", and "1 number".

There is a "Confirm password" field with a strength indicator (1). Below this is the "Notification settings" section, which explains that ORCID sends email notifications about account, security, and privacy. It also offers an option to receive emails about new features and tips, with a checkbox that is currently unchecked. A note states: "Please send me quarterly emails about new ORCID features and tips. To receive these emails, you will also need to verify your primary email address."

The screenshot shows the ORCID registration process at Step 3, "Visibility and terms". At the top, there is a progress indicator with three steps: "Personal data" (Step 1), "Security and notifications" (Step 2), and "Visibility and terms" (Step 3, which is highlighted). The main heading is "Create your ORCID iD" with the subtext "This is step 3 of 3".

Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, what visibility should be given to new items added to your ORCID Record?

-  **Everyone** (87% of users choose this)
-  **Trusted Organizations** (5% of users choose this)
-  **Only me** (8% of users choose this)

Trusted Individuals

Trusted Individuals = people who also have an ORCID iD, that you can designate to have access to edit your ORCID record for you.

The screenshot shows the ORCID user interface. At the top left is the ORCID logo with the tagline "Connecting research and researchers". A search bar is visible. A red arrow points from the search bar area towards the user profile dropdown menu. The user profile dropdown menu is open, showing the user's name "Sheila Rabun" and a "View my ORCID record" link. Below this, there are several menu items: "Inbox", "Account settings", "Trusted parties" (highlighted with a red box), "Developer tools", "Member tools", and "Logout". A notification bar indicates the user is managing their ORCID record with ID "0000-0002-1196-6279" and provides a link to "Switch to another account". On the left, there is a card displaying the user's ORCID iD: "https://orcid.org/0000-0002-1196-6279" with a "Preview public record" link. Below this, there is a "Names" section with the name "Sheila Rabun".

Add & Export Works - BibTeX

The screenshot shows a web interface for managing works. At the top, there is a green header bar with a dropdown arrow and the text "Works (44)". To the right of the header are buttons for "Add" (with a plus icon) and "Sort" (with a list icon). Below the header, there is a row with a checkbox "Select all (44)", the text "Items currently selected (0)", and a button labeled "Actions" with a downward arrow. The main content area shows a list of works. The first visible work is "Building Open Research - One Checklist at a Time", which is a "Journal article". It has two DOI links: "10.6084/m9.figshare.13154222.v1" and "rescognito.com/10.6084/m9.figshare.13154222.v1". The source is listed as "Rescognito". A context menu is open over this work, listing several options: "Search & link", "Add DOI", "Add PubMed ID", "Add BibTeX" (which is highlighted with a red border), and "Add manually". A trash icon is visible at the bottom right of the work's entry.

Trusted Organizations

Trusted Organizations = organizations that you have authorized to access your ORCID record. In many cases, trusted organizations can add information to your ORCID record for you.

Trusted organizations

Trusted organizations are those to which you have granted permission to interact with your iD and record, e.g. when submitting a manuscript or grant application. You decide whether to grant this access and you may revoke it at any time.
