The Vanderbilt Child Health poll surveyed 1,026 Tennessee parents with children under 18 years old from October 19 —November 28, 2021. All reported percentages have survey weights applied, so their interpretation can be broadened to all parents in Tennessee. For example, "34% of Tennessee parents list Bullying, including cyber bullying as one of their top 3 concerns for their child."

All summaries are listed as weighted proportions of Tennessee Parents ± Standard of Error.
