

September 2022

COMPLIANCE *pulse*

Welcome to the first edition of the VUMC Compliance Pulse!

Every other month, the Office of Compliance & Corporate Integrity (OCCI) will use this platform to update you on important compliance topics and announcements

What is the Office of Compliance & Corporate Integrity?

The Office of Compliance & Corporate Integrity (OCCI) is crucial to the coordination of the VUMC compliance program. Our mission is to promote the [Code of Conduct](#) and ensure we follow it. We do this through:

- Oversight committees and policies that govern ethical business practices.
- Compliance education for all workforce members.
- A confidential [VUMC Integrity Line](#) for reporting compliance concerns.
- Routine monitoring and screening for effective compliance controls.
- Immediate response to compliance errors and audits.

What can you do to help?

We take pride in our effective and extensive compliance program. But, VUMC's everyday compliance is up to YOU:

- Speak up.
- Encourage your team members to speak up.
- If you see something, say something. Reach out to your supervisor, department head, a key leader, or to our Compliance team. Our [dedicated compliance officers](#) are available to address any questions or concerns.

You can also contact the **VUMC Integrity Line** by phone at 866.783.2287 or [online](#)
24 hours a day, 7 days a week.

All reports are confidential, and you can remain anonymous.

Additional Resources

Visit the new and improved [OCCI website](#). Here, you will find helpful resources, including tip sheets, contact information, links to the VUMC Integrity Line, important policy information, and much more.

Be on the lookout for the next Compliance Pulse. We look forward to staying in touch!
