CELEBRATE
THE DIFFERENCE WE MAKE EVERY DAY

An abstract graphic on a black background. It features a large, glowing circular shape composed of many thin, overlapping lines. The lines are primarily green and yellow, with a bright yellow-orange glow at the top center of the circle. The lines radiate outwards from the center, creating a sense of depth and movement.

VISION #1

Complex Care Solution
for the Southeast Region

Undiagnosed Disease network - *The New York Times Magazine*

DIAGNOSIS

He'd Never Had Allergies, But Suddenly He Had Two Episodes That Nearly Killed Him. Why?

VANDERBILT'S DNA BANK

BioVU

The background features a complex, abstract pattern of glowing lines. On the left, a series of overlapping, semi-transparent orange and yellow lines form a curved, funnel-like shape that tapers towards the center. From this point, a series of overlapping, semi-transparent green lines extend outwards and downwards, creating a sense of depth and movement. The overall effect is reminiscent of a stylized, glowing tunnel or a dynamic, futuristic landscape.
