BIOMEDICAL SEMINARS - FALL 2016

DATE	PRESENTER/CREDENTIALS	TITLE	LOCATION	VIDEO LINK
9/14/2016	Daniel Fabbri, PhD, Assistant Professor of Biomedical Informatics & Computer Science, Vanderbilt University School of Medicine & School of Engineering	Crowd Sourcing Chart Reviews	202 Light Hall	http://mediasite.vanderbilt.edu/Mediasite/Play/57349e3ab0f148e4b5c323c7cc5209461d
9/21/2016	Scott Nelson, PharmD, MS, Assistant Professor, Department of Biomedical Informatics, VUMC	What's in a name? A look at medication terminologies.	202 LH	
9/28/2016	Kevin Johnson, MD, MS, Cornelius Vanderbilt Professor and Chair, VUMC	State of the Department of Biomedical Informatics	202 LH	
10/5/2016	Tod Fetherling, CEO, Perception Health	Optimized Care Pathways	202 LH	
10/12/2016	Jake Hughey, PhD, Instructor, Biomedical Informatics, VUMC	Machine Learning around the clock	202 LH	
10/19/2016	Don Rucker, MD, Professor of Clinical Emergency Medicine and Biomedical Informatics, Ohio State University, College of Medicine	Telephony Data and Enterprise Clinical Workflow	202 Light Hall	
10/26/2016	Robert S. Grajewski, Executive Director of the Innovation Center, Vanderbilt University		202 Light Hall	
11/2/2016	*Knowledge Map - per Taneya Koonce*		202 Light Hall	
11/9/2016	DBMI Students		202 Light Hall	

11/30/2016	Joshua Denny, MD, MS, Associate Professor of Biomedical Informatics and Medicine, Vanderbilt University Medical Center, and Director, Center for Precision Medicine		202 Light Hall	
12/7/2016	Kim Unertl, PhD, MS, Assistant Professor of Biomedical Informatics, Vanderbilt University Medical Center		202 Light Hall	
12/14/2016	Shilo Anders, PhD, Research Assistant Professor of Anesthesiology, Center for Research and Innovation in Systems Safety; Carrie Reale, MSN, RN, Informatics Nurse Specialist, Center for Research and Innovation in Systems Safety; and Anthony Threatt	User-Centered Design Research at Vanderbilt	208 Light Hall
