The VHA – We're here for you.

Welcome to Nashville!

Whether you are visiting and learning about the Vanderbilt University Medical Center community or are already planning a relocation to the “Athens of the South,” I’m confident that you’ll soon be happy to call Nashville, and Vanderbilt, your new home.

The Vanderbilt community is warm and friendly with multiple avenues of support available to you. If you are relocating to be part of the Vanderbilt Medical Center house staff, one of these supports is the Vanderbilt Housestaff Alliance (“VHA”). The VHA is a nonprofit social and philanthropic organization. Membership is open to the spouses and significant others of the Vanderbilt house staff and alumni. Our mission is a simple one: to promote friendship among members, foster a supportive environment, and serve the Nashville community. We provide numerous opportunities to meet and socialize with other resident families -- forging friendships and offering support during a particularly difficult time of medical training. We also do various service projects throughout the year and have numerous groups for our members to join. We hope you’ll inquire further about the VHA and ultimately join our organization!

One of the VHA service projects is to generate this guide to life in Nashville, the “Newcomer’s Guide.” Our members update this guide annually, and many of us have continued to draw upon it throughout our stay here in Nashville. It contains information you will need for relocating (including information on real estate agents who sponsor the VHA) as well as information about fun things to do. You’ll quickly discover what many of us already have – that Nashville is a great city and community and a wonderful place to call home.

If you are interested in receiving more information about the VHA or have questions, please feel free to e-mail us at president@vhalliance.org or vp@vhalliance.org, or visit the VHA website at <http://vhalliance.org/>. We look forward to meeting you!

Sincerely,

Jess Helfand & Emilee Friedman Fechter
Vanderbilt Housestaff Alliance President and Vice President, 2020-2021

GREATER NASHVILLE - WHERE TO LIVE?

The residential districts of greater Nashville are subdivided into 14 general areas. While Vanderbilt residents literally reside all over the map, listed below are descriptions of seven areas where many Vanderbilt Housestaff Alliance members reside, both as renters and homeowners. If you expect to be in Nashville long enough to buy, we recommend working with a buyer's agent to get the best available information about public safety, schools, and quality of life. A map of the greater Nashville area, divided into these residential sections, follows.

Vanderbilt/ Belmont/Sylvan Park/West End

The Vanderbilt/Belmont/Sylvan Park/West End area has many well-constructed older homes (predominantly 1920s-1960s), as well as a number of apartments, town homes, and condominiums. These in-town neighborhoods are pedestrian-friendly, near Vanderbilt and Hillsboro Village, convenient to downtown, and loaded with amenities. This area has coffee houses, brew pubs, good restaurants, banks and unique shopping. The biggest advantage to living in this area is its proximity to Vanderbilt. Some residents live close enough to even walk or ride a bike. Of course, this close proximity has a price. Housing in the Vandy/West End area can be expensive, but some reasonably priced housing is available (but will usually require some fixing up). This area is in Area 2 on the map, close to Vanderbilt between West End Avenue and Charlotte Pike.

Green Hills

Green Hills is an upscale area about five miles southwest of downtown Nashville. Consisting of mostly older homes and newer condominium complexes, this area offers safety, good neighborhoods, quiet streets for walking and running, as well as good schools. Green Hills is convenient to both Vanderbilt and the interstates. The Mall at Green Hills is a favorite of Nashville shoppers because of its variety of stores: Coach, Bebe, Restoration Hardware, Pottery Barn, Kiehl's, Macy's, etc. It also has several great restaurants including Cheesecake Factory, Carraba's Italian Grill and Panera Bread. The two main disadvantages to the Green Hills area are that the housing is very expensive and the traffic in the area can be heavy. On the map provided, Green Hills is in northeastern portion of Area 2.

Bellevue

With plentiful housing in the rolling hills west of downtown Nashville, it's easy to see what makes Bellevue so popular. This area has a lot of apartments, condos and subdivisions that are affordable. (If you're looking for a big yard or an older house, this isn't the suburb for you.) The Bellevue area is quiet and safe, making it a good place to raise children. The area offers easy access to Interstate 40, but requires at least a 20-minute drive to Vanderbilt. Bellevue also has a good public grade school, Harpeth Valley Elementary, and a relatively new YMCA. The downside is that, being on the western edge of Nashville, it is a longer drive to get any other part of town, especially areas south of Nashville like Cool Springs. On the map provided, Bellevue is in the western most part of Area 2, located right off I-40 west (or straight west on West End Ave).

The Capitol District

The area just North of downtown but inside the urban interstate loop has grown and changed dramatically in the past few years. Best known for Germantown, home to well-known Nashville eateries Mad Platter, Monell's, Germantown Café, City House, and Rolf & Daughters, other nearby neighborhoods include Salemtown, Hope Gardens, and Historic Buena Vista. Located at the Eastern end of Nashville's legendary Jefferson Street, this area provides convenient access to downtown, Vanderbilt, and most of the rest of the city. Other points of interest include Nashville's brand new minor league ballpark at Sulphur Dell, the Nashville Farmer's Market, and the Bicentennial Mall state park. This area is basically right at the middle of the map.

East Nashville

If you enjoy urban living, East Nashville's got the right stuff. It sits right across the Cumberland River from downtown and was Nashville's first urban neighborhood, full of beautiful historic homes offering everything from Victorian cottages built before the turn of the century, and quaint 1920's bungalows to modern homes and condos. Its low-key vibe, neighborly feel, and down-to-earth personality make this community a great place to escape the city without leaving town. Shelby Park offers a 16-mile run/bike path, several playgrounds, two golf courses and a dog park. Walk from your house to a variety of unique shops, art galleries, coffee shops and eateries in East Nashville or cross the pedestrian bridge and stroll through downtown! Research more at <http://www.eastnashville.org/>. On the map provided, East Nashville is in Area 6 & 7, in the North East quadrant near downtown Nashville.

Crieve Hall/Nippers Corner

Residents are attracted to the Crieve Hall area for its modest housing prices and prime location. From here, almost any destination in the area is a short (10 to 15 minute) drive. The area is full of subdivisions built in the early 1960s. It is a quiet and relatively safe area where you can buy an older house (predominantly ranch-style) with a nice yard for an affordable price. Crieve Hall has several good public grade schools (but some that are less desirable, so be sure to do some research when looking at homes) and a beautiful new public library. This centrally located area (northern Area 1 on the map) is about 8 miles from Vanderbilt and has great access to I-65, making a trip to Vanderbilt about 12-15 minutes.

Hermitage/Mount Juliet

From Vanderbilt, go east on I40 or I440. Right past the airport you will find Hermitage (Davidson County) and Mount Juliet (Wilson County). Both areas are still more affordable; Mount Juliet is a great option for families because of the excellent Wilson County school district (and lower property taxes). Expect commute times to Vanderbilt to be 25-45min depending on traffic.

Brentwood/Cool Springs/Franklin

From Vanderbilt, go South on I-65 and you will find the areas of Brentwood, Cool Springs, and Franklin (in that order as you travel south). These three areas are located in Williamson County and provide a fantastic school system and a booming local economy. The Cool Springs area, which has grown significantly in recent years, has many movie theaters, restaurants and strip malls. Traffic during rush hour can be heavy and housing costs more than in the most areas in Davidson County. On the map provided, this area is located south of Nashville off I-65 and Franklin Road (Area 10 and the southern portion of Area 1).

Woodbine

Woodbine is an up and coming area in the heart of Nashville. Residents of Woodbine are attracted to the affordable prices and proximity to so much of the city (only an 11-minute drive from both Vanderbilt and downtown). There is a lot of diversity in this area (including great ethnic restaurants), as well as a growing sense of community fostered by the Woodbine Neighborhood Association. Most of the housing choices are older homes, though there are some new condominiums. The nearby Thompson Lane branch library and adjacent Coleman Park playground are great places to take children for an outing, and the Coleman Community Center offers a very affordable gym and exercise classes. Woodbine is also very close to the Nashville Zoo and Adventure Science Center. Some downsides include that the nearby businesses along Nolensville road are not very attractive. If you are looking for a pristine suburban-looking area, this is not it. Also, though local Whitsitt Elementary has a safe and friendly environment, its test scores are historically low, so many families in the neighborhood choose to homeschool or drive their children to an optional school instead. To visit Woodbine, take the Nolensville exit off of I-440.

If the prior customers at your location were delinquent, you will need to provide a notarized copy of the lease showing your date of occupancy. Electricity and water will need to be active prior to your gas service start date.

When you call, be prepared to provide them with your driver's license information. If there is an outstanding balance on the address, you'll have to set up service with Nashville Electric Service before your water service can be established.

Garbage Collection & Recycling:

Metropolitan Department of Public Works

(615) 862-8750, <http://www.nashville.gov/pw/>

Each home in the Nashville Urban Services District is given two 96-gallon containers. One is tan and designated for trash and the other is green for recycling. The trash containers are picked up weekly and the recycling containers are picked up monthly. Consult the underside of the container's lid for pickup information. Nashville recycles paper, cardboard, metal cans (aluminum and food cans) and plastics (1-7, but not black plastic trays). Glass bottles (and any other recyclable material if you don't have a container) can be taken to centers located throughout the community. Metro Public Works also offers brush pick up three times per year.

If you live outside the Urban Services District or outside of Davidson County, you must contact the local trash removal company (e.g.: PDQ, BFI, Hudgins, etc.). This service costs approximately \$15 a month but is sometimes covered by the Home Owner's Association fee in some subdivisions. You can also now add recycling service for \$11-20/month through Earth Savers (<http://www.earthsavers.org>). Check your phone book for listings.

Cable, Internet and Telephone Service Providers

The following is a list of providers that have registered with the Nashville Chamber of Commerce.

Cable/Satellite/Television

Comcast is the cable provider for most of Greater Nashville. You can also get TV service through AT&T and TDS. Locals are also offered through IP TV services like Hulu, DirecTV NOW, and YouTube TV.

Internet Service Providers

Depending on your neighborhood, AT&T, Comcast, Google Fiber, and TDS offer internet services. Gigabit speeds are available in most parts of Greater Nashville.

DRIVER'S LICENSE

Upon establishing residency in the state, a Tennessee driver's license must be issued within 30 days. If your old license is still valid, you can surrender it in exchange for a TN license. In that case, you will only have to take a vision test, have a new picture taken, and pay a fee. To exchange a license from your former state of residence, you must present:

- Your current license (or certified copy of driving record or other acceptable ID).
- Proof of name change, such as original certified court order, marriage certificate, or divorce decree as needed.
- Two Proofs of Tennessee Residency with your name and resident address - NO P.O. BOXES (Documents must be current. Must be dated within last 4 months.)
- **Proof of U.S. Citizenship, Lawful Permanent Resident Status or Proof of authorized stay in the United States** (most people overlook this one, especially because it is a recent addition).
- A Social Security Number or sworn affidavit if no Social Security number has been issued.

*Please visit the website listed below to be sure you have all proper identification information.

If your old license is expired by more than six months, you may be required to take a written and/or road test in order to get your license.

The fee is typically \$19.50 for a five-year license and must be paid with cash, check or money order. However, the fee could be slightly more or less as it will be prorated in order to set your license expiration date to fall on a birthday divisible by five (i.e. 25, 30, 35, etc.). Also, if you are recently married and will require a name change on your new driver's license, remember to bring along your original marriage license. All your driver's licensing questions can likely be answered at

<https://www.tn.gov/safety/driver-services/classd.html>

Driver's License Testing Centers:

A complete list of driver service locations can be found on the [TN.gov website](#).

Full service locations include [Nashville/Hartlane](#) (624 Hart Lane, Nashville, TN 37216) in Davidson County; the [Franklin Driver Center](#) (3830 Carothers Pkwy, Franklin, TN 37067) in Williamson County; and the [Lebanon Driver Services Center](#) (204 Maddox Simpson Parkway, Lebanon, TN 37090) in Wilson County.

AUTOMOBILE REGISTRATION

Upon establishing state residency, you must purchase a Tennessee license plate for your car. Prior to purchasing your license plate, all vehicles (except motorcycles and vehicles with a model year before 1975) must pass the Middle TN Vehicle Inspection Program's emission test. Emission testing costs \$10 (no checks or bills larger than \$20 accepted, credit and debit accepted) and can be done at any of the stations in the Metro area. You'll need to have your current registration (from your previous state) to have the inspection completed.

For additional information, please visit the [TN Vehicle Inspection website](#).

Visit your county's website for more information regarding registration fees (typically around \$90) and other details:

Davidson County: <http://www.nashvilleclerk.com>

Williamson County: <https://www.williamsoncounty-tn.gov/161/County-Clerk>

Wilson County: <https://www.wilsoncountyclerk.com/>

VOTER REGISTRATION

To vote in Nashville or the surrounding area, a person must be a citizen of the United States, be at least 18 years old, and be a resident of Tennessee. A federal or state issued government photo ID is now required to vote. You need to register to vote at least 30 days before an election. In Nashville there is a permanent registration.

To register, appear in person at the Davidson County Election Commission, 800 Second Avenue South, 4th Floor or pick up a mail-in form at any post office or public library. Mail this form to the Davidson County Election Commission, P.O. Box 650, Nashville, TN, 37202. You can also register while getting your driver's license. Additional information is available at the Election Commission's website: <http://www.nashville.gov/vote>

MARRIAGE LICENSE

Anyone over the age of 18 can purchase a Marriage License. It must be purchased no more than 30 days prior to the marriage ceremony at the County Clerk's Office, 700 Second Avenue South. Both parties must be present with valid ID (that has proof of your SSN) and birth certificate to purchase the license. For more information, contact your respective County Court Clerk's Office for [Davidson County](#), [Williamson County](#), or [Wilson County](#).

Tennessee law does not allow for common law marriages, but Tennessee will recognize the common law marriage of a couple relocating from a state that legally recognizes such unions.

VARIOUS LAWS

Liquor Laws:

The legal drinking age in Tennessee is 21. Bars are permitted to stay open until 2 a.m. seven days a week. Liquor is only sold through licensed package stores, wine and beer can be purchased in grocery stores as well.

DUI:

Tennessee has one of the strictest DUI laws in the United States with .08 being the legal limit. If you are convicted of a first offense DUI, you will incur a jail sentence, probation, required public service, a \$350 fine, court costs, and loss of your driver's license for one year.

Traffic Laws:

Right turns on red lights after stop are legal at most intersections unless otherwise posted. Tennessee drivers are required to "move over" when passing a stopped emergency vehicle by switching lanes where applicable (four lane road) or slowing down while passing where "moving over" is not possible. Seat belts are required for vehicle drivers and all passengers regardless of age, and a vehicle can be stopped solely for a belt related offense. The driver of a vehicle is responsible for insuring that all children under the age of 16 are properly restrained in any vehicle, this includes requiring the use of car seats and belt positioning boosters. For a detailed list of the Child Restraint Laws, please refer to the state's website at <https://www.tn.gov/safety/publicsafety/newcrd.html>

TAXES

Currently, there is no personal income tax on most income, including salaries, in Tennessee. However, Tennessee does have a tax on certain interest and dividend income over \$1250 per person. The current state sales tax is 7% and the city sales tax is 2.25%, making a total of 9.25%. This combined tax is assessed against virtually all retail goods sold in Tennessee. For information on property taxes find your respective property tax assessor on:

EDUCATION

Public School System

Nashville has one school system for Davidson County. For kindergarten, a child must be 5 years old on or before August 15. A birth certificate is mandatory. Kindergarten is mandatory for enrollment in first grade. For more information concerning public schools, call Metro Nashville School System at (615) 259-4636 or visit <http://www.mnps.org>

The Metro school system also includes a number of magnet schools. For these magnet schools students are chosen by lottery for places in entry-level grades. If your child is already above the entry-level grade of the school, he or she can be placed on a waiting list. While applications are accepted year-round for the waiting list, the deadline for the entry-level lottery is usually in very early December.

Williamson County has the state's number one rate school system. Information can be found at <https://www.wcs.edu/>.

Wilson County also has a highly rated school system — especially when it comes to Elementary and Middle Schools.
