

Occupational Health Clinic at VUMC

Providing visionary health protection for employees

Prioritizing Your Health

Express Care Clinic

- Feeling sick? Schedule an appointment for minor illnesses.

Work Injuries & Illnesses

- Treatment for work-related injuries or illnesses. If after hours, call the on-call provider at 615-936-0955.

Occupational Exposures

- Treatment for exposure to blood/body fluids, chemicals, and other occupational exposures. For blood and body fluid exposures, call 615-875-STIK for a phone or in-person consultation. After-hours you will be connected to the on-call provider.

Providing Personal Care

Travel Consultations

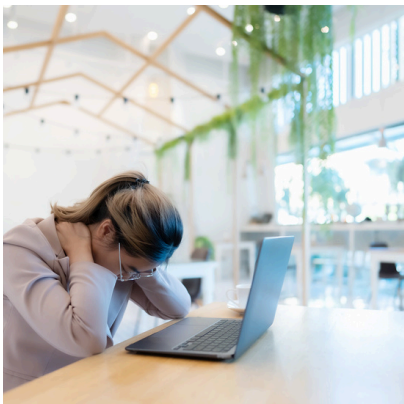

- Pre-travel consultations for non-work & work-related travel including a customized healthcare plan for your travel.

Quit Rx Program

- Counseling and treatment services for employees eager to quit smoking.

Ergonomics Program

- Help prevent workplace injuries and reduce discomfort through evaluations and training.

Protecting You at Work

Vaccinations & Injections

- Obtain a wide range of injections to protect and maintain your health.

Telehealth

- Access a variety of virtual services at your convenience.

House Calls

- A presentation of Health & Wellness services. Perfect for your staff meetings. Contact Dr. Ana Nobis at ana.e.nobis.1@vumc.org to schedule.

Job-Specific Exams

- Exams to assess and protect workers who face certain health exposures or requirements.
