

## VIDEO POLICY FOR SIMULATION TRAINING

The Center for Experiential Learning and Assessment (CELA) is a state-of-the-art facility where House Staff interact with high fidelity technologies and standardized patients, all designed to integrate simulation experiences with House Staff clinical training.

A powerful resource of CELA is the capability of videotaping House Staff learning and assessment experiences that take place there. Associated with this feature, VUMC has established a detailed video policy and procedures document that governs the fair use of these video records. The policy outlines House Staff rights as learners and the responsibilities as faculty with regard to video records from CELA. It is House Staff responsibility to review the policy and acknowledge that House Staff are familiar with it.

Note that video recording is an integral part of the educational process established at VUMC. As such, recording House Staff performance in simulations is not an optional part of House Staff training.

Since the onset of the COVID-19 pandemic, there has been an increased use of video and video recording for education and training purposes.

To review and acknowledge the CELA Video Records Use Statement and Policy, please use the following link or type "CELA" in the "Find a Course" window in Learning Exchange:
