Fall / Winter 2017 Schedule

Date	Presenter	Title of Presentation
8/29/2017	HSR Biostatistics	Part 5: Fixing the Failures of Traditional Statistics: Where Frequentist methods fail and the problem with backwards probabilities (Aug 29, Dr. Frank Harrell)
9/5/2017	Steven Brunwasser, PhD	Improving identification of perinatal depression with a dynamic prediction model: An early draft of R21 Specific Aims.
9/12/2017	Jennifer Lewis, MD	Providers' Practices, Attitudes, and Knowledge of Lung Cancer Screening: Discussion of Our Data Analysis
9/19/2017	Robin Mickelson, PhD, RN	Capturing the Medication Management Work System of Older Adults Using a Digital Diary Method
9/26/2017	HSR Biostatistics	Model Checking, Sensitivity Analyses for Choice of Prior (Sep 26, Sandya Lakkur)
10/3/2017	Lucy Spalluto, MD	Impact of a Culturally Appropriate Patient Navigator on Knowledge and Communication in the Screening Mammography Setting
10/10/2017	Justin Bachmann, MD, MPH	Geographic Variation in Cardiac Rehabilitation Utilization
10/17/2017	Caroline Presley, MD	Mindfulness, depression, health behaviors, and glycemic control in type 2 diabetes
10/24/2017	HSR Biostatistics	Hierarchical Modeling (Oct 24, Dr. Leena Choi)
10/31/2017	Jo Ellen Wilson, MD, MPH	Delirium and Catatonia in Critical Illness: Exploring Risk Factors and Outcomes
11/7/2017	Jennifer Robles, MD	Variation in Post-Operative Narcotic Prescription Patterns: Current Status and Future Directions
11/14/2017	Jea Young Min, MD	Association of medication adherence and risk of hypoglycemia in the year

		following metformin intensification
11/21/2017	Meg Zoffuto MD, MPH	Identifying Social and Behavioral Determinants of Health in High cost, high utilizing patients
11/28/2017	HSR Biostatistics	Introducing Bayesian Methods by Example. (Amber J Hackstadt, PhD).
12/5/2017	Justin Liberman,VA Quality Scholars Fellow and Instructor of Anesthesiology at VUMC	Mental health disease and opioid persistence among patients with rheumatoid arthritis: A retrospective VA cohort study
12/12/2017	Amelia Maiga, MD, MPH	Coronary Calcifications and Lung Cancer Mortality in Veterans
12/19/2017	Shawna Bellew, MD	Evaluating Emergency Department Management of Stroke in the Age of Endovascular Therapy
1/30/2018	HSR Biostatistics	Bayesian Propensity Scores and Incorporating Sampling Weights (Dr. Cindy Chen)
