

Approved Cleaning Products for COVID-19

AF3 Germicidal Wipes  	Spartan HDQ  
Alcohol All Purpose Cleaner Spray   	Super Sani Wipes  
Bleach Wipes    	Virex II 256  
Oxivir—All Forms  	Virex Tb  
OxyCide   	Ecolab Quaternary Wipes   

❌ DO NOT save empty wipe containers, place dry wipes in them, or pour disinfectant over the wipes. Disinfectants must be labeled correctly. Do not put different wipes in a pre-labeled old container.

✓ When cleaning equipment, **check the manufacturer's instructions** to ensure one of these products can be used.

✓ Use cleaning products according to the label instructions; follow **"kill time."**

✓ CDC recommends **hand sanitizer** (>60% alcohol) or **washing with soap and water** for 20 seconds for hand hygiene.

Use on:

-  most hard surfaces.
-  dialysis equipment, PCA pumps, and to kill *C. diff.* and norovirus.
-  computers, WOWs, and keyboards.
