

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Known or Suspected COVID-19 Patient

Gown

Gloves

N95
(or PAPR)

Eye Protection
(face shield or goggles)

PPE reminders

- **When Exiting:** after patient encounter, doff and throw away gown, gloves, and N95—**these cannot be reused.**
- **After Exiting:** clean eye protection (face shield or goggles) with disinfecting wipes and allow to dry. These can be stored and worn across multiple shifts. Do not share eye protection.
- **Change PPE** anytime it is soiled or damaged.
- For information on aerosol generating procedures (AGPs), refer to PolicyTech vanderbilt.policytech.com/docview/?docid=20387 or go to vumc.org/coronavirus/clinical-guidance.
