**E. Publication or Distribution of Unauthorized Recordings, Photos, Images, Text or Video**

With the availability of low cost cameras, smart phones, and consumer electronics, it is possible for someone to acquire voice, video images, still images, multimedia, or text in non-public situations without the knowledge or consent of all parties. VUMC network computing assets must not be used by anyone in the organization to publish or distribute this type of material without the expressed consent of all involved parties.

**F. Right to Copy and Inspect for Legal, Regulatory, and VUMC Purposes**

VUMC is committed to protecting the privacy of faculty, students, staff, patients, and other users of its IT resources, and their electronic communications. However, because VUMC operates subject to compliance with various federal and state laws and regulations and must be able to enforce its own policies, VUMC must occasionally inspect, preserve and produce records to fulfill legal obligations and to carry out internal investigations. VUMC reserves the right to obtain, copy, and convey to outside persons any records or electronic transactions completed using VUMC information systems in the event it is required by law or institutional policy to do so. VUMC may also in its reasonable discretion, when circumstances require, obtain and review any records relevant to an internal investigation concerning compliance with VUMC rules or policies applicable to faculty, staff, or to all others granted use of VUMC's information technology resources. Users therefore should not expect that records created, stored or communicated with VUMC information technology or in the conduct of VUMC's business will necessarily be private. VUMC reserves its right to any work product generated in the conduct of its business.

**G. Locally Specific Policies**

Individual units within VUMC may create additional policies for information resources under their control. These policies may include additional detail, guidelines and further restrictions but must be consistent with principles stated in this policy document. Individual units adopting more specific policies are responsible for establishing, publicizing and enforcing such policies, as well as any rules governing the authorized and appropriate use of equipment for which those units are responsible.

## IV. Disclosures

- A. All members of the VUMC Workforce Members are given notice of this policy by virtue of its publication and are subject to it on the same basis. Ignorance of this policy does not relieve any user of his or her responsibilities under the policy. All Workforce Members are expected to familiarize themselves with the contents of this policy and act in conformance with these principles regarding any use of VUMC's IT resources.
- B. Due to the rapid nature of change in both information technologies and their applications, VUMC may amend this policy whenever deemed necessary or appropriate. Users are encouraged to periodically review this policy in order to understand their rights and responsibilities under it.

The screenshot displays the 'AccessVUMC' web application interface. At the top, there is a navigation bar with 'Identity' and 'Logout' tabs. Below this, the main heading is 'Enter Identity Information'. A sub-heading reads 'Please confirm the below request:'. The form contains two columns of fields. The first column lists 'Previous' information: Previous First Name, Previous Middle Name, and Previous Last Name. The second column lists 'New Changes': First Name, Middle Name, Last Name, SSN, and Date Of Birth. Each field has a placeholder text. Below the fields are 'Confirm' and 'Cancel' buttons. A note at the bottom states: 'Please note that upon successful saving the Identity information, you will be logged out of the tool.' A hand cursor icon is positioned over the 'Confirm' button.

- You will receive a confirmation screen with the AccessVU logo stating that your Personal Identifiable Information is now in the system.
- You will be logged out of the system.

Do not be alarmed by the old AccessVU logo. You are in the right place. AccessVUMC is still under construction.
