

Modernized Workstations

WHAT is it?

Modernize all workstations to support new technology (administrative workstations - AWS)

WHY are we doing it?

- Windows 7 is no longer supported
- Simplify workforce member login experience
- Improve VUMC security posture via modern access methods
- Improve access security by removing legacy VU shared directory artifacts like "nested groups"

Applications Details

Expectations	Timeline	Who will be impacted?	Resources
<ul style="list-style-type: none">• Will replace all workstations running Windows 7 with a Windows 10 device by 6/30/22.• Getting a new device will require workforce members to set up an appointment via Bookings	<ul style="list-style-type: none">• Complete replacement of devices with Windows 10 by 6/30/22.	<ul style="list-style-type: none">• All VUMC workforce members with administrative workstations still running Windows 7.	<ul style="list-style-type: none">• Windows 10 Website• FAQs• Schedule a device replacement appointment
