

# Workforce Installation Process

## Step 1

PrinterLogic client software automatically installed on workstations by VUMC IT

## Step 2

Workforce access the [PrinterLogic Documentation](#) and complete instructions

## Step 3

Workforce access the [Self-Service PrinterLogic Portal](#) to manage their printer settings and manually refresh configurations to ensure most up-to-date drivers

***For issues with your printer, please submit a [Pegasus ticket](#) or call 615-343-HELP/3-4357.***
