# Expedition Tech Pioneering a new path

APPLICATION MIGRATION

## **Applications**

#### WHAT is it?

**Migrate all applications** and related components (i.e., servers, databases, security groups, resource accounts, file shares) from all VU shared directories **to** the new **VUMC vumc.io directory**.

#### WHY are we doing it?

- End VUMC use of the VU shared directories
- Streamline workforce member experience and application access
- Improve VUMC security posture via modern access methods
- Improve access security by removing legacy VU shared directory artifacts like "nested groups"

## **Applications Details**

Expectations	Timeline	Who will be impacted?	Resources
<ul> <li>Will not migrate applications that have a decommission date earlier than 06/30/2022</li> <li>Application migration will be a collaborative effort between system owners and ExpeditionTech teams</li> <li>Application migrations will be scheduled in multiple phases based on application complexity and level of effort</li> </ul>	<ul> <li>Conducted pilots July/August 2021</li> <li>325 applications already migrated in phases I and II</li> <li>Production application migration started October 2021</li> <li>Phase 1 applications completed July 2022</li> <li>Application owners will receive comms prior to migration begin and per selected application <ul> <li>Notice of phase selection</li> <li>Notice of migration kick-off</li> </ul> </li> </ul>	All VUMC applications     All VUMC workforce members	<ul> <li>Application Migration Website</li> <li>FAQs</li> <li>Application Look Up Tool</li> </ul>

## **CTM** - Application Identification

Is your application in the Capability and Technology Management (CTM) module?

If not, register

#### **Step 1: Take the Learning Exchange classes**

- Learning Exchange EA Inventory Overview:
   <a href="https://learningexchange.vumc.org/#/online-courses/47cb2eec-c241-4fb0-a230-fe79c9b6797b">https://learningexchange.vumc.org/#/online-courses/47cb2eec-c241-4fb0-a230-fe79c9b6797b</a>
- Learning Exchange Application Manager CTM Training: <a href="https://learningexchange.vumc.org/#/online-courses/fae27954-919d-4e98-b180-0226c85fa194">https://learningexchange.vumc.org/#/online-courses/fae27954-919d-4e98-b180-0226c85fa194</a>

#### **Step 2:** Submit a Pegasus Request to set up a CTM account

https://pegasus.vumc.org/request/start/7254?s=

#### **Step 3: Review the documentation**

 EA Inventory User Documentation: <a href="https://confluence.app.vumc.org/display/EAI/EA+Inventory+User+Documentation">https://confluence.app.vumc.org/display/EAI/EA+Inventory+User+Documentation</a>

#### **Step 4:** Schedule a session with Jeff Byrd to help add your Application

Jeff.byrd@vumc.org

#### Use the **Application Look Up Tool** to find out when your app is migrating

If you do NOT find your application on this lookup tool, your app is either:

**1.** Scheduled for <u>decommission</u> by Dec 31, 2022 (out of scope for migration)

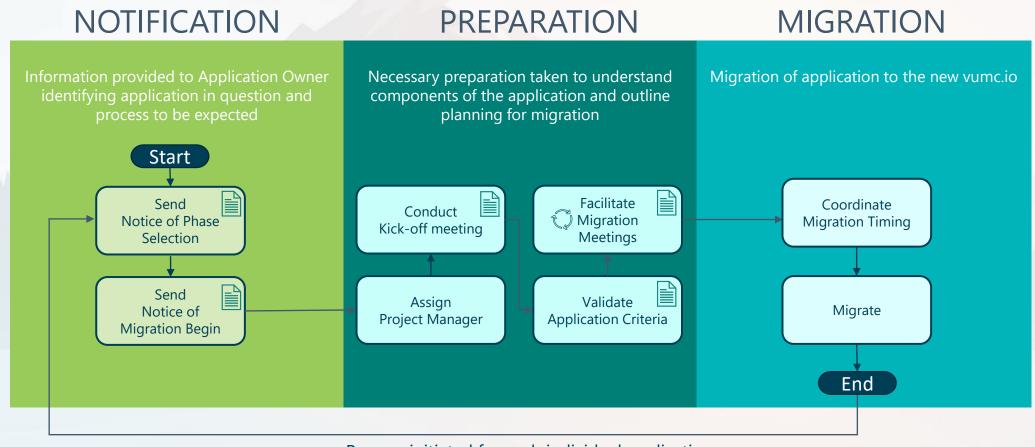

2. The app name in CTM is not correct

**3.** The app is not registered (or fully documented) in <u>CTM</u>

# **Application Migration Process**

### Application Migration Criteria

- Results of survey results and Inventory
- Level of vendor involvement (if applicable)
- Authentication Method
- Pegasus Cl's
- Number of server(s) involved
- Group Management
- Potential Blockers

Process initiated for each individual application
