

ExpeditionTech Program Progress

GOAL
MIDPOINT
CURRENT

Applications*
(in CTM)

701

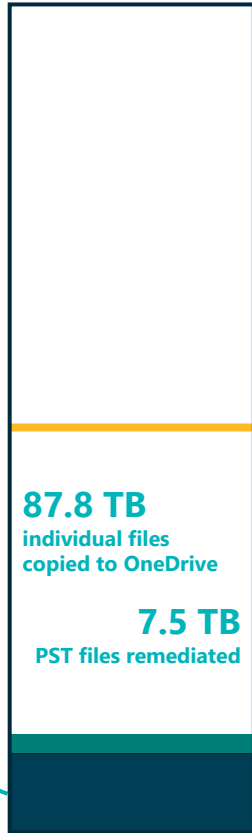

Midpoint
350

200 migrated to
ds.vumc.io

Migrated to DS.vumc.io

Data**

1,000+

Midpoint
500

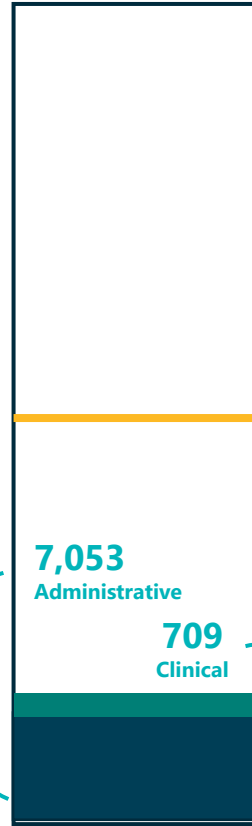

87.8 TB
individual files
copied to OneDrive

7.5 TB
PST files remediated

Terabytes of data copied out of
shared environment

Devices – Workstations**
(Administrative & Clinical)

45,000

Midpoint
22,500

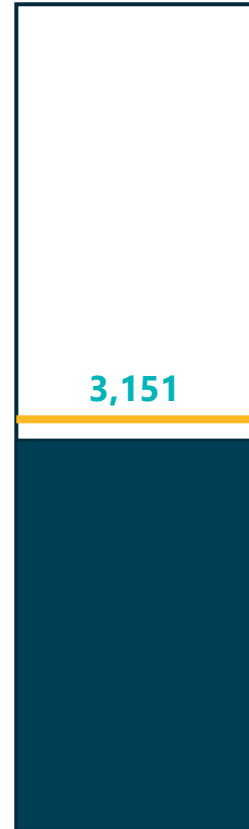

7,053
Administrative

709
Clinical

Devices secured in
new environment

Printers**

7,200

Midpoint
3,500

3,151

Printers migrated to
PrinterLogic

Microsoft MFA**

32,000

Midpoint
16,000

Workforce members enrolled
in Microsoft MFA

Devices - Mobile
(BYOD)

39,000

Midpoint
20,000

VUMC Accounts protected
by Microsoft MAM (BYOD)

*New applications could be identified or added before end of project. Number includes total apps identified in CTM excluding applications retired or scheduled to be retired before December 31, 2022.

**Numbers are estimates as workforce member, data, and device numbers fluctuate over time
