

Enterprise Print Management

WHAT is it?

VUMC IT Desktop Engineering is **converting existing VUMC IT managed printers to PrinterLogic**, for both Clinical and Administrative systems, to **maintain existing print capabilities** as VUMC transitions to more secure and modern technology.

WHY are we doing it?

- To establish an **enterprise print management solution** for VUMC
- To **help** every VUMC workforce member get easier access to printing
- To enable **easy management** of printers **from your workstation**
- To ensure Azure-Active Directory joined Windows 10 devices **maintain existing print capabilities**

Printer Details

Expectations	Proposed Timeline	Who will be impacted?	Resources
<ul style="list-style-type: none"> • Conversion of VUMC IT managed print servers to PrinterLogic for local Windows print. (i.e., MS Word, Email, websites) • PrinterLogic client software installed on your workstation with desktop icon • Self-service portal • Refresh configurations button to force manual client “check-ins” with PrinterLogic to look for driver updates at any time <p>NOTE: If no matching printer within PrinterLogic is found the existing printer seen on your computer will remain untouched and continue to function normally</p>	<ul style="list-style-type: none"> • December 2021 - Vanderbilt Wilson County Hospital (VWCH) pilot. • January 2022 – Vanderbilt Tullahoma Harton Hospital and Vanderbilt Bedford County Hospital • 2022 – Staggered enterprise rollout (detailed schedule to come) 	<ul style="list-style-type: none"> • All computers associated to VUMC IT managed printers for local Windows print • Printers defined within Epic (eStar) are unaffected 	<ul style="list-style-type: none"> • PrinterLogic Website • 3 Steps to Set Up PrinterLogic • PrinterLogic Detailed Set Up Instructions • Self-Service PrinterLogic Portal • Rollout Schedule

Next Steps: Watch for direct emails from ExpeditionTech@vumc.org on how to enable printer access
