

*MyWorkday Cutover Connection will help prepare you for the process of cutover.*

**What is Cutover?** During cutover, we will move away from multiple existing systems to two new systems, Tecsys and Workday, for most of our key business tasks. Cutover requires moving data – so there will be some limitations on using our retiring systems and performing some activities. These limitations will help us minimize errors that would require “clean-up” after our Go Live date or having to do difficult manual processes to help us catch up on transactions.

**What does that mean for me?** Closely review the information below. To make the cutover process smoother, we are reducing or limiting some activity in many of our retiring systems. For example, you might want to delay hiring a non-critical new employee until after April 2023 or avoid ordering new supplies in March if they are not essential for patient care. As a health system, we will pause opening new departments/clinics during periods where systems that support those types of activities are unavailable.

Keep familiarizing yourself with what’s ahead in terms of freeze dates. Focus on what transactions you **can** do now. For each freeze date, you may want to set deadlines within your department asking them to provide requests for the future that we are able to process now.

The information below highlights the most immediate impacts (**newer/updated items are in orange**). **Note: all items below apply to every employee in the organization and are not specific to a single department.** For a comprehensive overview of cutover-related information, please refer to [vumc.org/myworkday/cutover](http://vumc.org/myworkday/cutover).

System or Business Process	Date of Impact	Activity	Resumption of Process	Notes
Health System	Late January – End of August	Some business activities slow down or stop during this period: <ul style="list-style-type: none"> <li>Clinical practice openings or acquisitions (changes that require Epic build)</li> <li>Acquisitions/upgrades requiring IT support</li> </ul>	Early summer 2023 <sup>1</sup> (testing to begin in mid-May)	New locations/departments may tentatively resume in early summer 2023 <sup>1</sup> (testing to begin in mid-May)
Supply Chain/ Tecsys	3/17/23	All open POs with a remaining obligation of \$500 or less or with no activity since 10/1/2022 will be closed	4/1/23 <sup>2</sup>	<ul style="list-style-type: none"> <li>Please review any open POs and close as many of these POs as possible before 3/17/23</li> <li>Any open POs with a remaining obligation of \$500 or less or POs with no activity since 10/1/22 will automatically be closed—contact Supply Chain by 3/14/23 at <a href="mailto:yolanda.redmond@vumc.org">yolanda.redmond@vumc.org</a> if PO needs to remain open</li> <li>Notify Supply Chain at <a href="mailto:yolanda.redmond@vumc.org">yolanda.redmond@vumc.org</a> by 3/14/23 with intent to submit invoices for any POs that currently show obligation of \$500 or less or that have had no activity since 10/1/2022—will flag that open PO for conversion to Workday instead of closing PO</li> </ul>
Supply Chain/ Tecsys	1/19/23	MEOC regular scheduled meeting will move to electronic vote	5/18/23 <sup>2</sup>	<ul style="list-style-type: none"> <li>Request approved in January will not be available for use until 4/17/23</li> <li>MEOC 3/16/23 meeting will be delayed until 5/18/23</li> <li>MEOC submission request portal will remain open during freeze period</li> </ul>
Supply Chain/ Tecsys	1/20/23	Hold on creation of new locations or changes to existing locations	4/1/23 <sup>2</sup>	Includes hold on openings/moves, new inventory/PAR locations for clinical areas, new ship to/deliver locations for POs
Supply Chain/ Tecsys	1/27/23	Hold on establishment of new suppliers	4/17/23	No new suppliers created from 1/27 – 4/17/23
