- Supply Chain Update: FedEx Deliveries
- Preparation for OCR
- VU Grant Reminders
- Award Correction Process Enhancements
- Q&A

Supply Chain Update: FedEx Deliveries

FedEx current state

- How many trucks per day – 3
 - Express
 - Priority/Standard Overnight
 - Ground
- What time do the FedEx trucks currently arrive at VUMC
 - Express – **8 to 8:30am**
 - Priority/Standard Overnight – **11:00am**
 - Ground – **1:00pm**

FedEx Future State Express

Express Deliveries will go live April 1

- ✓ FedEx has 2 full-time employees assigned to VUMC
 - ✓ VUMC will have 2 FTE's
- ✓ FedEx will deliver to the MCJCH dock
- ✓ 1st overnight arrives between 8:00am-8:30am (10-15 packages)
- ✓ 2nd delivery is priority and standard overnight delivered together ~11:00am
- ✓ Delivery will be sorted, received and staged for delivery to labs/suites by VUMC receiving tech
- ✓ **All packages/letters including temp sensitive packages will be delivered the same day that VUMC receives them**
- ✓ FedEx **requires** the receiving tech to sign for deliveries. This will show as "delivered" in their system but does not mean the VUMC receiving tech has delivered to the dept/laboratory
- ✓ **Labs can sign for each other and will ensure temperature requirements are met**
- ✓ **We will not be taking team sensitive packages back to receiving which is the same practice that FedEx follows today**

Express package breakdown for the week of 02/12/2024

- Monday 87 packages - **68 Boxes/19 Documents**
- Tuesday 130 packages - **118 Boxes/12 Documents**
- Wednesday 77 packages - **69 Boxes/8 Documents**
- Thursday 87 packages- **77 Boxes/10 Documents**
- Friday 99 packages- **89 Boxes-10 Documents**

FedEx Future State Ground Delivery

- 2 FedEx ground FTE's assigned to VUMC
 - **VUMC will have 2 FTEs dedicated**
- **No temperature sensitive packages**
- FedEx will deliver **by noon daily to the Dayton Ave warehouse** (15 mins from campus)
- Delivery will be sorted, received and loaded for delivery
- Delivery goal internally between 2:30-5pm
- Will allow for labs to sign for each other
- If no one is available for signature, then a picture will be taken of the room

Ground volume

- Monday ~125 packages and then decreases through the week

May

Express

First truck by 8:00-8:30am
Second truck.....
Temp sensitive packages

VUMC Receiving Tech deliveries immediately following receiving

Ground

Truck to arrive by noon
No temp sensitive packages

VUMC Warehouse
Receiving Tech

Sort, receive, load

Various Suites/Labs

VUMC Receiving Tech delivers between 2:30 -5pm

FedEx Pickup

FedEx drop boxes

- 10 currently on site
- No change to pick up times

Onsite central drop in USPS located in basement MCN

- B0106
- Extended time to get packages there to 5pm
- Pickup by FedEx will be 5-7pm

Call FedEx for pick up for anything over 10lbs

- Include a note for driver to bring a hand truck

Additional information

Training of staff

Maps of buildings/rooms provided
Shadowed FedEx delivery personnel
Routes will be the same
Staff take VUMC safety courses annually for hazardous materials/chemicals
Any package that does not have a packing slip will not be opened

Emergent need

Call (number to be provided) and notify VUMC receiving tech that a pick up will occur

Letters or Non-Workday orders

Will utilize same system the post office uses to obtain signatures

What you can do to help this be successful

- Make sure your address includes the suite/lab number
- Make sure your location is easily identified with suite/lab number
- Have a clearly marked delivery location in your lab/suite
- Be willing to sign for your colleagues and **ensure cold storage requirements are handled timely**
- Provide an accurate phone number
- Call the VUMC receiving tech if there is an immediate need for a delivery that you want to pick up directly

Service Providers

Scott McMillian – Manager VUMC Central Warehouse

- scott.a.millian@vumc.org

Justin Griggs – Director Supply Chain Resiliency

- justin.Griggs@vumc.org

Karen Morlan – VP Supply Chain Operations

- karen.Morlan@vumc.org

Preparation for OCR

(Optical Character Recognition)

Invoice Process Automation

- SCM Accounts Payable team seeks to optimize productivity by automating the processing of invoices in Workday
- SCM's objective is to remove manual, repetitive steps
- Selected software for this initiative is Automation Anywhere.
 - Automation Anywhere is a cloud-based solution, leveraging Optical Character Recognition (OCR) technology and Machine Learning to automate the manual creation of supplier invoices.
- Planned Go Live - TBD

Invoice Process Automation

- Convert any handwritten notes into text
- Ensure scans are “clean” and utilizing the requested preprocessing format: **ALT PO:**
- Respond to request from Dayne Foti (dayne.foti@vumc.org)

**What
can you
do in
support
of this
project?**

Invoice Process Automation

Best Practices : Alternative Purchase Order example

- By simply adding the "Alt PO:" in front of any purchase order intended to take precedence, it creates a clear indication regardless of color, font, placement, etc. for the OCR to pick up with 100% accuracy every time. In addition, by listing what line this invoice is referencing allows the OCR and Bots to ensure it applies money correctly on the invoice when there is no SKU/exact Item Reference (ex. Service or Blanket Orders).

VU Grant Reminders

VU Grants – REMINDERS

VU Grants = VU Endowment Distributions to VUMC

- **Total available funds for FY24 = \$36.6M**
- **Expectation is that 100% of available funds will be spent**
- CBOs must attest to spending on each VU grant at fiscal year end
- Annual reports are signed by VUMC leadership and submitted to VU leadership, at the VU Grant Award level
- VU reviews/audits a sample of transactions each year
- VUMC leadership receives communication on results of VU review

GOAL:

Compliant and
100% spent by
fiscal year-end

VU Grants – Current Status

\$24.7M available to bill through 2/24 close*

\$19.9M spent

\$ 4.8M available to bill and unspent for 8 months

Review and increase spending on VU grants for 3rd quarter close:

- Can Payroll Costing Allocations (PCAs) be updated?
- Are there any capital items you need to purchase?
- Are there other appropriate charges to spend these funds?

Questions: Contact your Office of Finance Sponsored Programs Manager or Lynn Capps for assistance

***total awarded for FY24 = \$36.6M**

GOAL:

Compliant and
100% spent for
FY24

FY24

VU Grants - Utilization Guidelines

Link:

Follow All General Guidelines, then refer to permissible expenditures by the following fund types/Utilization Category:

- Scholarships for undergraduate, graduate and professional students
- Prizes and Awards for students, faculty and staff
- Fellowships and Resident Education Funds
- Faculty Chairs and Professorships
- Faculty Career Development Awards, Dean's Faculty Fellows, Chancellor Faculty Fellows
- Research Funds
- Lectureships

GOAL:

Compliant and
100% spent for
FY24

VU Grants - Spending:

- Must be **according to donor's intended purpose** and VU's Utilization Guidelines.
 - Alcohol – Per the Utilization Guidelines, alcohol or entertainment expenses should be consistent with VU's travel and entertainment policy. The VU policy specifies that alcohol should be charged to an unrestricted funding source, which is not a VU Grant.
 - Alcohol should only be charged when documentation from the donor exists that specifically states alcohol is an allowable expense.
- Should only be for **current fiscal year transactions**. Prior years have been certified, audited and closed, so additional transactions from a prior year are not appropriate.
- Must **not exceed annual award amount**. No deficits.
- Is reimbursed by VU on a monthly basis, up to the annual award amount.
- Must be **direct charges on VU Grant worktags** – no revenue transfers, no indirects.
 - VU requires annual reporting by natural class account, so non-salary expenses should be posted to the VU Grant using the original ledger account.
- Monthly **review of expenditures is important** in preparation for spending 100%.

GOAL:

Compliant and
100% spent for
FY24

Award Correction Process Enhancements

Award Correction Process Enhancements

Award Correction: Business processed used to MODIFY an existing award record

What: The business process has been enhanced to require review by post award (Finance) for specific correction reasons. Most corrections are triggered by OSP changes from Coeus.

Why: VUMC abandoned use of the award amendment business process because of the impact of effective dating on award cost processing. Workday released functionality that allowed for business process routing on award corrections, which was not available to us at go-live.

Changes to this process have been made to ensure the post award team is reviewing any modification to an award that impact funding, accounting or timing of financial reporting.

EXAMPLES:

- Award Line Addition (new year of funding, subaward, etc)
- Cost Center Change (as requested by department only)
- Funding Change (increase, decrease, etc of existing award line amounts)

Award Correction Process Enhancements

Department Impact

- Corrections requiring approval are not in effect until it is fully approved
- If not fully approved, On the award record, you will see a status of 'Correction in Progress'
- Once submitted to Workday, corrections are approved no later than 2-3 business days from initiation.

[Install the WalkMe Plugin - Using the WalkMe Menu](#)

Install the WalkMe Plugin

To have the full experience of WalkMe while using Workday at VUMC, you must have the WalkMe add-in extension added to your computer. If you do not see the **WalkMe Menu** icon on your screen when you log into Workday, you do not have the extension installed.

If you do not have administrative rights to your machine, please contact the VUMC IT help desk for assistance installing the add-in to your machine.

PC / Windows Instructions

1. Navigate to the All-in-One Installer [here](#).
2. Select Windows Installer 32-bit or 64-bit.
3. Select all Browsers and click Download.
4. Locate the MSI file and run the file on your local computer (you will need to have Admin privileges to install).
5. Restart browser and confirm you see the extension.

Macintosh - Chrome / Edge Instructions

1. Navigate to the Mass deployment guide [here](#).
2. Select Mac; then select Chrome or Edge.
3. Select Deployment Method - Jamf.
4. Download the file from Step 1.
5. Find the .mobileconfig file on your computer and run the file on your local computer (you will need to have Admin privileges to install).
6. Restart browser and confirm you see the extension.

Macintosh - Safari / Firefox Instructions

1. Navigate to the All-in-One Installer [here](#).
2. Select MacOS PKG; then select Safari or Firefox.
3. Select Download for MacOS (a PKG file will be downloaded to your computer).
4. Locate the PKG file and run the file on your local computer (you will need to have Admin privileges to install).
