

Setting Goals on Behalf of Employees

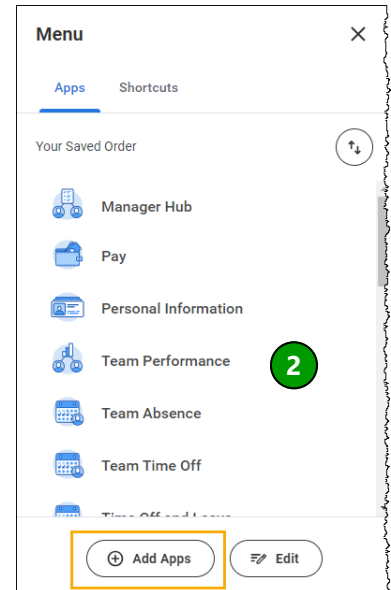

Workday allows Managers to set goals on behalf of their individual direct reports or for all employees belonging to their Supervisory Organizations (i.e., Department(s)) they manage. While goals can be assigned at any point during the fiscal year, they play a role in the Annual Performance Review. Follow the steps below to set a goal on behalf of employees and view statuses of team goals.

From the Home Page Menu:

1. Select the **Menu** icon which will take you to the various applications provided through the Workday System.

2. Choose **Team Performance**.

Note: If the Team Performance application is not visible, select **+Add Apps** at the bottom of the menu. Then you can search for **Team Performance** and select **Add**. It should appear in your applications menu once added.

From the Team Performance Application:

1. Under Actions, select **Add Goal to Employees**.

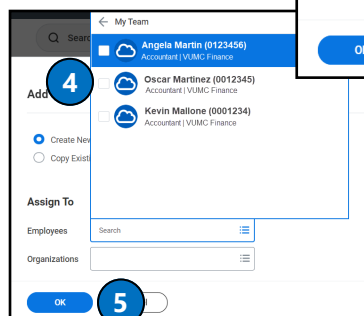

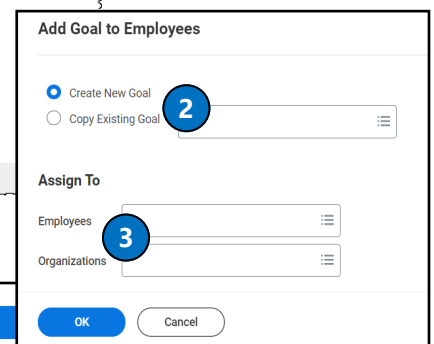

2. A new window will appear and you can choose **Create New Goal** or **Copy Existing Goal**. Choose the appropriate option.

Note: Only Pillar Goals or pre-existing individual and team goals can be copied

3. Under **Assign To**, select **Employees** to assign goals to one or more employees. Select **Organization** to assign goals to a department.

4. Follow the prompts to assign the goal to the appropriate employee or team.

5. Select **OK**.

Setting Goals on Behalf of Employees

Under Add Goal to Employees:

1. Type the name of the goal as you wish it to appear in the **Goal** text box. You can also add an optional description for the goal.

2. Under **Category**, select whether this is a **Performance** or **Development** goal. Only Performance Goals should be weighted and be part of the Annual Performance Evaluation.

Note:

Performance Goals are linked to an employee position's key responsibilities and align to VUMC Pillar Goals.

Development Goals focus on building new skills, knowledge, and abilities to improve current job performance or prepare for future career opportunities.

3. Use the **Organization Alignment** field to align the employee's goal to an existing Pillar goal. Note: Out-sources Leaders may not see this option.

To select a **Pillar Goal** follow these steps:

- Select **My Organization Goals**.
- Select **Office of the CEO Department**.
- Select the appropriate **Fiscal Year**.
- Select the appropriate **Pillar Goal** from the list.

4. Determine the **Weight** of the goal.

Note: The **total** weight of all goals **combined** should equal **100**.

5. Select the **Due Date** of the goal.

6. Ensure that the box next to **Editable** is selected. If it is unchecked, the goal cannot be edited or deleted by the manager or employee.

7. You can choose to **Add** another goal or **Remove** a goal.

8. Select **Submit** to assign the goal to the employee(s).

Note: Required items are marked with a red asterisk (*).

The screenshot shows the 'Add Goal to Employees' form. It includes fields for Goal, Description, Category, Organization Alignment, Weight, Due Date, and Editable. At the bottom are buttons for Remove, Add, Submit, Save for Later, and Cancel. Numbered callouts indicate the following steps: 1. Goal text box; 2. Category dropdown; 3. Organization Alignment dropdown; 4. Weight input field; 5. Due Date calendar icon; 6. Editable checkbox; 7. Add button; 8. Submit button.

This dropdown menu shows options: My Organization Goals, All Organization Goals, Search for Organization Goal, and a search bar. Callout 'a' points to the 'My Organization Goals' option.

This dropdown menu shows the selected department: Office of the CEO Department (Jeffrey Balser (0024032)) (S108004AA). Callout 'b' points to this selection.

This dropdown menu shows the selected fiscal year: FY2025 Pillar Goals. Callout 'c' points to this selection.

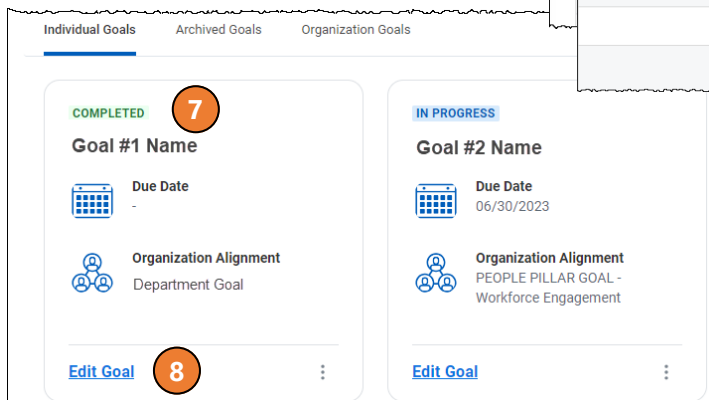

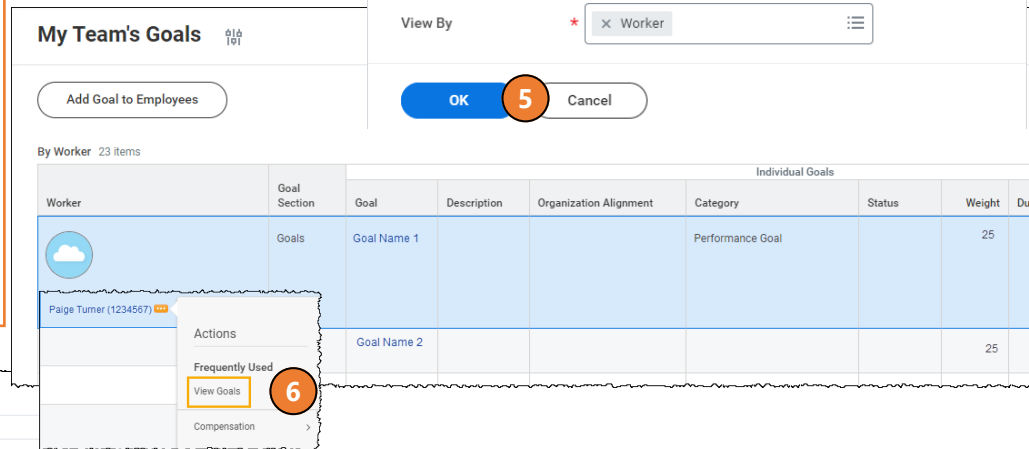

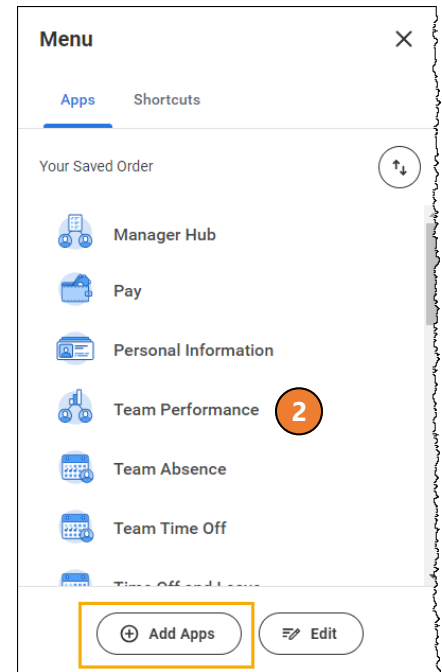

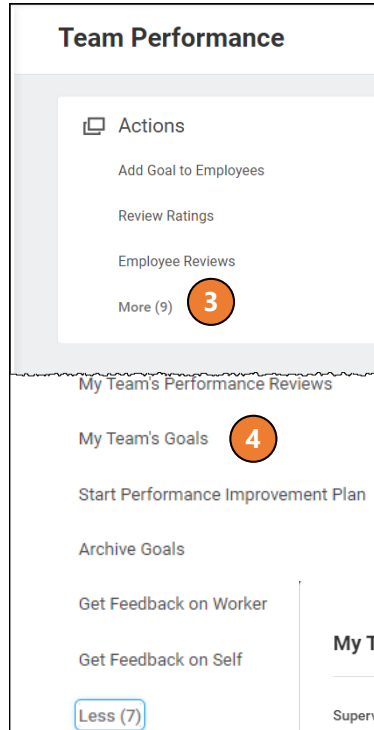

This list shows several pillar goals under the heading 'FY2025 Pillar Goals'. Callout 'd' points to the first option: EQUITY and INNOVATION PILLAR GOAL - Academic Performance (Public).

Reviewing Assigned Goals for Employees

From the Workday Homepage

1. Select the **Menu** icon which will take you to the various applications provided through the Workday System.
2. Choose **Team Performance**.
3. Under Actions, select **More**.
4. Select **My Team's Goals**.
5. Verify that the **Supervisory Organization** (i.e., Department) you are trying to view is correct along with the **View By** Category you wish to view, then choose **OK**.
6. Here, you can view the status of all team goals. Select the **Action Items** button next to the employee name, then select **View Goals** to review or edit individual goals.
7. The goals will appear as cards. The **Goal Status** is listed above the Goal Name.
8. You can select **Edit Goal** to make changes to the goal.
9. Selecting the **three dots** to the right of the goal will give you the options to **Delete**, **Archive**, or **View the Goal**.

Archive Goals on Behalf of Employees

From the Workday Homepage

1. Type the **employee's name** to the search bar and select the employee below.
 2. Choose **Performance**.
 3. Select **Archive or Unarchive Goals**.
- Note:** You can create individual goals for workers from this screen, as well, using the **Create Goal for Worker** button.
4. On the Archive or Unarchive Goals screen, you can choose to select individual goals to archive, you can select all of the active goals to archive, or you can unarchive any goals that have been previously archived, either by you or the employee. To select an **individual goal** to archive or unarchive, select the **check box** next to the goal. To archive or unarchive **all goals**, select the box next to **Select All**.
 5. Select **OK**.
