

Workday Inbox Filters

In Workday, employees can filter their inboxes by using a pre-created filter or by creating a personal filter. Follow the steps below to access the inbox filters for your Workday Inbox.

From the Workday Homepage:

1. Select the **Inbox** icon.
2. Select the **Viewing: All** drop-down menu.
3. Select **Edit Filters**.
4. Your existing inbox filters will appear here. You should see To Dos, Step for Manager, Tasks About Me and Approvals, along with any previously created filters. Select **Create Inbox Filter**.
5. Enter a **Description**. This can be a specific task, feature, person, etc.
6. Under View Definition, select whether this will be **For All Business Process Types** or select specific **Business Process Types**.
7. Select or search for the **Task(s)** from the menu.
8. Select the **+** icon to add a condition to the filter.
9. Choose **And** or **Or** from the dropdown menu.
10. Select the **Source External Field**.
11. Select the **Relational Operator**.
12. Select the **Comparison Type**.
13. Select the **Comparison Value**. You can select multiple values in this field.
14. Select **OK**.
