

Caroline Lassen-Greene, Ph.D.

Licensed Clinical Psychologist
Assistant Professor Physical Medicine and Rehabilitation
Vanderbilt University School of Medicine
caroline.lassen-greene@vumc.org

Education:

Tulane University, New Orleans, LA
Bachelor of Science; Neuroscience and Psychology (Cum Laude)

Tulane University, New Orleans, LA
Master of Science; Neuroscience

University of Alabama at Birmingham
Master of Art; Clinical Psychology
Thesis: *The Relationships among Pain, Cognitive Function, and Quality of Life in Patients with Fabry Disease*
Thesis Committee: Virginia Wadley, PhD (Chair); Burel Goodin, PhD, Amy Knight, PhD

University of Alabama at Birmingham
Doctor of Philosophy, Medical/Clinical Psychology
Dissertation: *Apoe E4 Carrier Status and Prestroke Cognitive Function in a Case/Cohort Sample of Incident Stroke from the Reasons for Geographic and Racial Differences in Stroke (REGARDS) Study*
Dissertation Committee: Virginia Wadley, PhD (Chair); Burel Goodin, PhD; Richard Kennedy, MD, PhD; Amy Knight, PhD; Leslie McClure PhD

Postgraduate Training:

June 2017 – June 2018 Vanderbilt University – Veterans Affairs Internship in Professional Psychology
Nashville, TN
Internship

August 2017– July 2021 Critical Illness, Brain Dysfunction, and Survivorship Center
Nashville, TN
Mentors: James C Jackson, PsyD; E. Wesley Ely, MD, MPH

August 2018– July 2021 VA Quality Scholars Program
Tennessee Valley Healthcare System, Nashville, TN
Concentration: healthcare quality improvement, implementation research, critical illness survivorship, palliative care psychology, psychosocial recovery models
Mentors: Robert Dittus, MD, PhD; Daniel Kearns, PsyD; Sandra Simmons, PhD

Licensure:

November 2018 – present
Tennessee Provisional License #3603

Employment:

- 07/2006 – 07/2008 **Tulane University; New Orleans, Louisiana**
Behavioral Neuroscience Laboratory
Research Assistant
 Supervisor: Jill Daniel, Ph.D.
 - Studied the effects of stress and hormones on cognitive function using animal models
- 10/2009 – 07/2011 **Johns Hopkins University School of Medicine; Baltimore, MD**
Neuropsychology and Neuroimaging Laboratory
Research Assistant
 Supervisor: David Schretlen, Ph.D.
 - Managed and coordinated multiple research studies of neuropsychological function
 - Design and implementation of studies of transcranial direct current stimulation and cognitive function
 - Collected and analyzed neuroimaging data using 3T Siemens scanner, SPM5, MRISudio
 - Administered and scored standardized neuropsychological test batteries for adults and children with a range of neuropsychiatric disorders
 - Supervised and trained research assistants and externs conducting research for the lab
- 01/2016 – 06/2017 **University of Alabama at Birmingham**
RESTORE-Cognition
Independent Investigator
 Supervisor: Marion Wallace, Ph.D.
 - Administered neuropsychological assessments to participants aged 4-18 years for a national study of long-term effects of sedation during critical illness
 - Provided test feedback and recommendations to parents
 - Contributed to regular conference meetings regarding progress toward research goals, recruitment, and quality control of test administrations
- 08/2012 – 06/2017 **University of Alabama at Birmingham**
Center for Research on Applied Gerontology
Graduate Research Assistant
 Supervisor: Virginia Wadley, Ph.D.
 - Protocol development of a processing speed intervention trial to preserve driving and functional competencies in older adults with mild cognitive impairment
 - Monitored quality control compliance for cognitive testing completed at 20 clinics in coordination with SPRINT MIND Coordinating Center at Wake Forest University
 - Member of the REGARDS Cognitive Function Working Group
 - Administered and scored standardized neuropsychological test batteries for participants of a national blood pressure intervention trial, SPRINT, and a processing speed intervention trial for older adults with Mild Cognitive Impairment
 - Assisted with study recruitment, data management/analyses, and dissemination of results for a study of Fabry Disease and quality of life
- 02/2021 – present **Vanderbilt Stallworth Rehabilitation Hospital**
Vanderbilt University Medical Center

Clinical Psychologist

Supervisors: D.J. Kennedy, MD; Jeff Johns, MD

- Provide inpatient rehabilitation psychology services (CBT, motivational interviewing, brief psychological testing) to promote adjustment and engagement in rehabilitation for ortho, polytrauma, burn, traumatic brain injury, stroke, Covid-19, and additional critical and complex illnesses.
- Identify and address psychosocial risk factors for patients in rehabilitation settings
- Develop outpatient psychotherapy and cognitive assessment services to enhance continuity of care for rehabilitation patients and those living with acute and chronic illness

Research and Quality Improvement Projects:08/2017 – 07/2021 **Critical Illness, Brain Dysfunction, and Survivorship center****Vanderbilt University Medical Center****Nashville, TN****Role: Postdoctoral fellow**

Supervisors: James Jackson, PsyD; E. Wesley Ely, MD, MPH; Robert Dittus, MD, MPH

- PI of quality improvement project on the effects of Goal Management Training on cognitive and functional outcomes following critical illness in veteran population
- Implemented and co-facilitated support group for ICU survivors
- Developed virtual peer support service for ICU survivors
- Prepared and submitted grant for development of a multidisciplinary clinic focused on promoting recovery from critical illness in aging Veterans
- Contributed to neuropsychological test selection for studies of cognitive impairment in medical populations
- Administered longitudinal neuropsychological test batteries to participants of studies on long-term cognitive and functional outcomes of ICU survivors (MIND-ICU and MENDS-II Study)
- Informal mentoring of practicum students and research staff

08/2018 – 07/2021 **Veterans Recovery Center**
Tennessee Valley Healthcare System - Veterans Affairs Hospital
Nashville, TN**Role: Postdoctoral fellow**

Supervisor: Patrick J. Michaels, PhD

- Examined baseline facilitators and barriers to community integration for Veterans enrolled in a psychosocial rehabilitation and recovery center
- Engaged stakeholders to create an interprofessional team to support project success
- Planning of PDSA cycles for improved clinical outcomes

05/2019 – Present **Critical and Acute Illness Recovery Organization (CAIRO)**

- Key contributor to international collaborative for improving critical illness survivorship
- Member of Support Group and Post-ICU Clinic workgroups
- Development of training curriculum (video, written, and mentorship) for facilitators of ICU support groups to disseminate best practices for supporting ICU survivors internationally.

11/20 – Present

Patient Priorities Care (PPC)
Tennessee Valley Healthcare System - Veterans Affairs Hospital
Nashville, TN

Role: Member of Implementation task force

- Engage key stakeholders to support implementation of PPC
- Identified working group members for local implementation of PPC
- Current planning phases for expansion to Physical Medicine & Rehabilitation settings

11/20 – Present

“What Matters Most” (WMM)- Age Friendly Initiative
Vanderbilt University Medical Center
Nashville, TN

Role: Member of Implementation task force

- Engage key stakeholders to support implementation of “What Matters Most”
- Participation in protocol development for implementation of WMM as part of the Age-Friendly Initiative at VUMC Geriatrics

Publications and Presentations:

1. Peer-reviewed Manuscripts:

3. Conference Posters and Presentations:

Lassen-Greene, C.L., Imperato-Shedden, H., Hope, A., CAIRO, et al (2022, July). Trauma-informed care in group telemental health interventions. Invited videoconference presentation at Critical and Acute Illness Recovery Organization (CAIRO).

Rick, C.K., Sarah A. Welch, S.A., **Lassen-Greene, C.L.,** Spicer J., Habermann R.C., Misra S.K., Naik, A.D., Dittus, R.S., Simmons, S.F. (2022, March). Aligning Care with What Matters Most: Implementation of Patient Priorities Care in a VA Home-Based Primary Care Setting. Poster presentation at Society for Post-acute and Long-term Care Medicine (PLTC) Annual Conference.

Lassen-Greene, C.L., Nordness, M., Kiehl, A., Jones, A., Jackson, J.C., Boncyk, C. (2022, March). Utilizing telemental health for a Support Group for Intensive Care Unit Survivors during an Era of Social Distancing. Peer-reviewed poster presentation at Vanderbilt Alzheimer's Disease Research Day.

Luck, A., Wankowski, K., **Lassen-Greene, C.L.,** Kiehl, A., Collar, Erin., Warrington, H., Ely, E.W., Jackson, J.C. (2022). A Pilot Study of Goal Management Training to Improve Cognitive and Functional Outcomes in ICU Survivors. Peer-reviewed poster presentation at Vanderbilt Alzheimer's Disease Research Day.

Lassen-Greene, C.L. (2020, December). Implementation of virtual support groups for ICU COVID survivors at the Tennessee Valley Healthcare System. Presentation at Vanderbilt Center for Health Services Research Work in Progress Series, Nashville, Tennessee.

Lassen-Greene, C.L., Nordness, M., Kiehl, A., Jones, A., Jackson, J.C., Boncyk, C. (2020, August).

Utilizing telemental health for a Support Group for Intensive Care Unit Survivors during an Era of Social Distancing. Peer-reviewed poster presentation at VA Quality Scholars Summer Institute.

Jones, A., **Lassen-Greene, C.L.**, Nordness, M., Kiehl, A., Jackson, J.C., Boncyk, C. (2020, November). Peer Support for ICU Survivors during an Era of Social Distancing. Johns Hopkins Critical Care Rehabilitation Conference, virtual presentation

Hope, A., Haines, K., & **Lassen-Greene, C.L.** (2020, July). Establishing a peer support program during COVID19. Invited videoconference presentation at Critical and Acute Illness Recovery Organization (CAIRO).

Lassen-Greene, C.L. & Jackson, J.C. (2020, April). Mental health effects of a pandemic. Invited videoconference presentation at Geri-A-Float.

Lassen-Greene, C.L. (2019, December). The role of psychology in palliative care. Presentation at Vanderbilt Center for Health Services Research Work in Progress Series, Nashville, Tennessee.

Leonard, K.M., **Lassen-Greene, C.L.**, Mart, M.F., Kiehl, A., Collar, E., Nair, D.R., Warrington, H., Ely, E.W., Jackson, J.C. (2020, May) A Pilot Study of Goal Management Training to Improve Cognitive and Functional Outcomes in ICU Survivors. Accepted as a peer-reviewed paper presentation at the Annual Meeting of the American Thoracic Society, Philadelphia, Pennsylvania.

Lassen-Greene, C.L., Kiehl, A., Collar, Erin., Warrington, H., Ely, E.W., Jackson, J.C. (2019, September). A Pilot Study of Goal Management Training to Improve Cognitive and Functional Outcomes in ICU Survivors. Invited poster presentation at GEC Leads Conference, Atlanta, Georgia.

Lassen-Greene, C.L., Callaway-Lane, C., Clouse, M., Simmons, S.F., Michaels, P.J. Improving graduation rates from a psychosocial rehabilitation and recovery center: barriers and facilitators to community integration. Selected for peer-reviewed poster presentation at 2019 VAQS Summer Institute.

Lassen-Greene, C.L., Callaway-Lane, C., Clouse, M., Simmons, S.F., Michaels, P.J. (2020, April). Improving graduation rates from a psychosocial rehabilitation and recovery center: barriers and facilitators to community integration. Peer-reviewed poster presentation, Symposium on Implementation Research in the Learning Health System, Vanderbilt University, Nashville, TN.

Lassen-Greene, C.L., Kiehl, A., Collar, Erin., Warrington, H., Ely, E.W., Jackson, J.C. (2019, February). A pilot study of Goal Management Training to improve cognitive and functional outcomes of survivors of critical illness. Peer-reviewed poster presentation, The annual meeting of Rehabilitation Psychology, Orlando, Florida.

Pierce, W. & **Lassen-Greene, C.L.** (2018, November). Improving pain management with integrative healthcare approaches. Oral presentation at the Southeast Biofeedback and Clinical Neuroscience Association, Atlanta, Georgia.

Clouse, M., Edwards, G., Homann, S., **Lassen-Greene, C.L.**, Calloway-Lane, C., Kleinpell, R., Roumie, C., Dittus, R.S. (2018, August). Access to Eye Care within Tennessee Valley Healthcare

System: “Unseen” Challenges and “Vision” for Improvement. Poster presentation at 2018 VAQS Summer Institute, Houston, Texas.

Lassen-Greene, C.L., Goodin, B., McClure, L.A., & Wadley, V.G. (2015, February). Pain, cognitive function, and quality of life: a preliminary study of patients with Fabry disease. Peer-reviewed poster presented at the annual meeting of Rehabilitation Psychology, San Diego, California.

Lassen-Greene, C.L., Okonkwo, O., Crowe, M.G., Ball, K., Marson, D.C., & Wadley, V.G. (2015, February). Mild cognitive impairment and everyday function: longitudinal changes in speed versus performance. Peer-reviewed poster presented at the annual meeting of the International Neuropsychological Society, Denver, Colorado.

Buchholz, A., Ho, T., **Lassen-Greene, C.L.,** Gerner, G., Vannorsdall, T.D., Thaker, G.K. & Schretlen, D.J. (2011, February). Ideational fluency in probands with schizophrenia, their first-degree relatives, and unrelated healthy controls. Peer-reviewed poster presented at the annual meeting of the American Academy of Clinical Neuropsychology.

Gerner, G., Vannorsdall, T.D., Buchholz, A., Ho, T., **Lassen-Greene, C.L.,** Thaker, G.K. & Schretlen, D.J. (2011, June). Neurocognitive correlates of thought disorder in schizophrenia. Peer-reviewed poster presented at the annual meeting of the American Academy of Clinical Neuropsychology.

Ward, J., Fieldstone, S.C., **Lassen-Greene, C.L.,** Schretlen, D.J. (2011, February). Cerebellar gray matter volume and divided attention/working memory in patients with schizophrenia. Peer-reviewed poster presented at the annual meeting of the International Neuropsychological Society.

Vannorsdall, T.D., Gordon, B., Ledoux, K., Sung, K., Pickett, E.J., Andrejczuk, M., **Lassen-Greene, C.L.,** VanDroof, L., Schretlen, D.J. (2011, February). Altering automatic verbal processes with transcranial direct current stimulation. Peer-reviewed poster presented at the annual meeting of the International Neuropsychological Society.

Vannorsdall, T.D., Gordon, B., Ledoux, K., Sung, K., Pickett, E.J., **Lassen-Greene, C.L.,** Andrejczuk, M., VanDroof, L., Schretlen, D.J. (2011, February). Transcranial direct current stimulation modifies psychomotor speed in healthy adults. Presented at the annual meeting of the International Neuropsychological Society.

Fieldstone, S.C., Vannorsdall, T.D., **Lassen-Greene, C.L.,** Gordon, B.G., and Schretlen, D.J. (2010, February). Clinical use of the 15-item geriatric depression scale (GDS-15) in young and middle-aged adults with bipolar disorder. Peer-reviewed poster presented at the annual meeting of the National Academy of Neuropsychology.

Daniel, J.M., **Lassen-Greene, C.L.,** Rodgers, S.P., Leonard, S.T., Hulst, J.L., Winsauer, P.J. (2008, November). Effects of chronic administration of $\Delta 9$ -THC on cannabinoid agonist-activation of G-proteins in brains of female rats varies with age of drug exposure and ovarian hormonal status. Peer-reviewed poster presented at the annual meeting of the Society for Neuroscience.

Bohacek, J., Bearl, A.M., **Greene, C.L.**, & Daniel, J.M. (2007, August). Increased daily handling of ovariectomized rats enhances performance on a radial-maze task and obscures the effects of estradiol replacement. Peer-reviewed poster presented at the annual meeting of the Society for Behavioral Neuroendocrinology.

Journal Review:

11/2018	Rehabilitation Psychology
03/2019	International Journal of Geriatric Society
08/2018	Journal of American Geriatric Society
09/2018	Military Behavioral Health
06/2020 – present	American Journal of Critical Care

Teaching Activities:

September 2021	Invited Guest Lecturer <i>The Role of Rehabilitation Psychology following Critical Illness</i> , Department of Geriatrics, Vanderbilt University, Nashville, TN
August 2020	Organizer Continuing Medical Education: <i>VA Quality Scholars Summer Institute</i>
February 2020	Co-instructor <i>Share Your QI Project with the World: Publishing with the SQUIRE 2.0 Guidelines</i> , Society for General Internal Medicine, Southern Regional Meeting, New Orleans, LA
September 2019 – July 2020	Coaching <i>Geriatric Scholars Fellowship QI Coaching</i> ; TVHS GRECC, Nashville, TN
September 2019	Co-instructor <i>The Foundations of Healthcare Quality Improvement</i> , Wisconsin Update in Geriatric Medicine and Board Review Course, Fontana, WI
April 2018	Invited Guest Lecturer <i>Cognitive Impairment after Critical Illness</i> , Brain Damage and Cognition, Department of Psychology, Vanderbilt University, Nashville, TN
August 2016 - May 2017	Teaching Assistant PY 490 Psychology Capstone Department of Psychology, University of Alabama at Birmingham
January 2016 – May 2016	Teaching Assistant PY 212 Developmental Psychology Department of Psychology, University of Alabama at Birmingham

August – December 2015 **Teaching Assistant**
 PY 101 Introduction to Psychology
 Department of Psychology, University of Alabama at Birmingham

Professional Organizations:

- American Psychological Association, Division 40
- Critical and Acute Illness Recovery Organization (CAIRO)
- Health Psychology, Division 38
- Nashville Psychotherapy Institute
- Rehabilitation Psychology, Division 22
- Tennessee Psychological Association

Other Professional Activities:

02/2022- present	Wellness Committee, Department of PM&R, VUMC
5/2019 – present	Critical and Acute Illness Recovery Organization, Invited Committee Member
03/2022	Graduate Medical Education, Annual Research Forum, VUMC, Faculty Judge
1/2020 – 8/2020	VAQS Summer Institute Planning Committee
5/2019 – 8/2019	Co-facilitator of community support group for caregivers of individuals with Dementia
11/2018	Young Professionals Board, Alzheimer's Association, Tennessee Chapter
12/2018	Dissertation Award Reviewer, Rehabilitation Psychology, Division 22
12/2017-01/2020	Member, Thrive Task Force, Society for Critical Care Medicine
05/2016 – 06/2018	Social Media Team, Rehabilitation Psychology, Division 22
01/2015 – 06/2017	Co-Representative, Campus Chapter, Student Leadership Network, Rehabilitation Psychology
04/2016	Team Captain, Walk MS-Birmingham, National MS Society
2015 – 2016	Volunteer, Walk to End Alzheimer's, Alzheimer's Association of Alabama/Florida Panhandle

Honors and Awards:

2012-2017	UAB Graduate Student Tuition Scholarship (\$20,000 per year)
2011	UAB Psychology Graduate Student Fellowship (\$17,000)
2006	Tulane University, Florence R. Kerwin Scholarship
2004	Tulane University, Carol Downes Cudd Merit Scholarship

Select Clinical Experience:

- 08/2018 – 08/2021 **Fellowship: ICU Recovery Center
Vanderbilt University Medical Center**
Supervisor: James C. Jackson, PsyD
- Conduct outpatient neuropsychological evaluations of adults recovering from critical illness in a multidisciplinary outpatient clinic
 - Provide brief behavioral health and psychological interventions for patients and caregivers during recovery from critical illness.
 - Co-facilitate support group focused on resilience and adjustment to health status following discharge from ICU
- 01/2018 – 06/2020 **Fellowship: Palliative Care Psychology
TVHS Veterans Affairs Hospital**
Supervisor: Dan Kearns, PsyD
- Promote interdisciplinary team awareness and treatment of patient mental health needs via feedback during team meetings
 - Conduct inpatient and outpatient psychological evaluations of adults with chronic and critical illness multidisciplinary settings
 - Provide bedside behavioral health and psychological interventions for patients and caregivers during hospitalization for chronic and critical illness
 - Provide outpatient psychotherapy (CBT, ACT and Dignity Therapy) as a part of palliative care treatment plans
 - Co-facilitate family and patient meetings with medical providers during discussion of health, prognosis, and goals of care
- 02/2017 – 06/2018 **Internship: Pain Psychology
TVHS Veterans Affairs Hospital**
Supervisor: Whitney Pierce, Psy.D.
- Conducted biofeedback interventions for management of chronic health conditions
 - Conduct comprehensive intake evaluations for interdisciplinary pain management and spinal cord stimulators
 - Collaborated with an interdisciplinary pain management team during shared medical appointments to promote comprehensive patient care
 - Performed intake evaluations, personality testing, and cognitive screening to develop appropriate treatment plans
- 10/2017 – 02/2018 **Internship: Behavioral Health Interdisciplinary Program
TVHS Veterans Affairs Hospital**
Supervisor: Mary Beth Covert, Psy.D.
- Conducted brief and long-term psychotherapy for Veterans with comorbid psychiatric and physical health conditions
 - Collaborated with an interdisciplinary team to promote patient outcomes and facilitate cross-discipline communication
 - Co-facilitated group therapy, PTSD support groups, and Growth and Resilience.
 - Performed intake evaluations, personality testing, and cognitive screening
- 07/2017 – 10/2017 **Internship: Transplant Psychology**

TVHS Veterans Affairs Hospital

Supervisor: Saundra Saporiti, Psy.D.

- Conducted comprehensive psychological evaluations for heart, liver, kidney, and stem cell transplant candidates in outpatient and inpatient settings
- Interpreted psychological test data and generated integrated reports summarizing findings and recommendations
- Communicated mental health recommendations during interdisciplinary transplant team meetings

04/2015 – 06/2017

Outpatient Neuropsychology**Center for Research on Applied Gerontology**

Supervisor: Virginia Wadley, PhD

- Conducted neuropsychological evaluations of older adults with mild cognitive impairment and dementia
- Developed and provided psychoeducational interventions for patients and caregivers
- Contributed to diagnostic classifications of patients with cognitive decline due to aging, mild cognitive impairment and dementia

02/2016 – 12/2016

Outpatient Neuropsychology**UAB Spain Rehabilitation Center**

Supervisor: Amy Knight, Ph.D., Scott Richards, PhD

- Conducted outpatient neuropsychological evaluations of adults recovering from stroke, TBI, SCI, and critical medical conditions for purposes of functional assessment, disability status, return to work and driving
- Interpreted neuropsychological test data and generated integrated reports summarizing findings and recommendations

01/2016 – 5/2016

Cardiopulmonary Rehabilitation and Polytrauma**UAB Spain Rehabilitation Center**

Supervisor: Amy Knight, Ph.D.

- Performed outpatient behavioral health consultations for patients engaged in Cardiopulmonary Rehabilitation
- Facilitated group psychoeducation for adjustment to chronic and newly acquired health conditions
- Conducted serial cognitive and psychological bedside assessments of adult patients recovering from stroke, SCI, TBI, polytrauma, and critical medical conditions
- Participated in inpatient consultations within a multidisciplinary rehabilitation team

07/2014 – 12/2015

Neuropsychology**UAB Center for Psychiatric Medicine**

Supervisor: A. Hal Thurstin, Ph.D.

- Conducted neuropsychological evaluations for organ transplant candidacy, dementia, and disability with adult outpatient population

08/2014 – 04/2015

Outpatient Rehabilitation Services**The Doleys Clinic: Pain and Rehabilitation Center**

Supervisor: Leanne Cianfrini, Ph.D.

- Conducted intake and follow-up behavioral health evaluations for adults with chronic pain in a multidisciplinary medical management clinic
- Provided cognitive behavioral therapy for stress reduction, sleep, anxiety, depression and pain management
- Provided trauma-focused therapy for patients with persistent symptoms of PTSD

07/2013 – 05/2014 **Clinical Practicum: Inpatient Mental Health**

UAB Center for Psychiatric Medicine

Supervisor: A. Hal Thurstin, Ph.D.

- Conducted neuropsychological evaluations on inpatient psychiatric unit for adults with SMI

07/2012 – 12/2012 **Clinical Practicum: Inpatient Rehabilitation Service**

UAB Spain Rehabilitation Center

Supervisor: Sarah Wright, PsyD

- Conducted bedside neuropsychological assessments of adults recovering from stroke, TBI, SCI and general medical conditions
- Performed outpatient neuropsychological assessments of general cognitive and functional performance, return to work, return to driving, and disability

Additional Clinical Experience:

08/2012 – 06/2017 **Outpatient Psychiatry**

UAB Center for Psychiatric Medicine

Supervisor: A. Hal Thurstin, Ph.D.

Provided weekly psychotherapy (CBT, DBT, ACT, Person-centered therapy, Interpersonal Psychotherapy, Schema Therapy) for adults with psychological disorders, serious mental illness, personality disorders, interpersonal difficulties, grief, chronic health adjustment

05/2016 – 06/2017 **Outpatient Substance Abuse**

Beacon Addiction Treatment Center

Supervisor: Karen Cropsey, Psy.D.

- Conducted intake interviews and psychodiagnostic assessments of adults with substance use disorders and serious mental illness
- Individual therapy for substance use disorders
- Made individual recommendations and referrals for improved access to mental health, medical, vocational, housing, and community resources

01/2016 – 08/2016 **Outpatient Psychotherapy**

Birmingham VA - PTSD Clinic

Supervisor: Susan Isbill, Ph.D.

- Provided evidence-based psychotherapy including cognitive processing therapy (CPT) for adult outpatients in a PTSD Clinic
- Utilized measurement-based care to monitor clinical effectiveness
- Provided feedback to students conducting CPT during group supervision

- 07/2014 – 12/2015 **Inpatient Psychiatric Service**
UAB/Department of Mental Health Adolescent Rehabilitation Center
 Supervisor: Marion Wallace, Ph.D.
- Conducted evidence-based psychotherapy and trauma-focused CBT for adolescent patients
 - Provided DBT for emotional dysregulation, self-injurious behaviors, and crisis survival
 - Co-facilitated group psychotherapy
 - Providing psychology consultations within a multidisciplinary treatment setting
 - Member of milieu development task force in coordination with UAB Arts in Medicine including integration of sensory therapies, meditation, painting, somatic therapies
- 06/2012 – 08/2012 **Adolescent Inpatient Psychiatry**
UAB Center for Psychiatric Medicine
 Supervisor: Ross Grimes, Ph.D.
- Assisted with group and individual therapy for adolescents on a long-term psychiatric unit
- 01/2007 – 05/2007 **The Healing Curriculum**
Tulane University
 Supervisor: Stacey Overstreet, PhD
- Co-facilitated trauma-informed interventions for school-aged children following Hurricane Katrina.
