

SHORTAGES PRIOR TO CASE PICKING

Review and resolve case shortages prior to case. (For Clinicians)

1. From within CDUI, select the **Missing Items hyperlink** in the Scan Item window.
2. Review the list of shortages from the Missing Items pop-up window.
3. Navigate to the physical locations of the missing items.
4. Scan the missing items. The items will be added to the case and the shortages will be resolved.
