

Vanderbilt Radiology's Office Of Diversity, Equity & Inclusion

OUR MISSION:

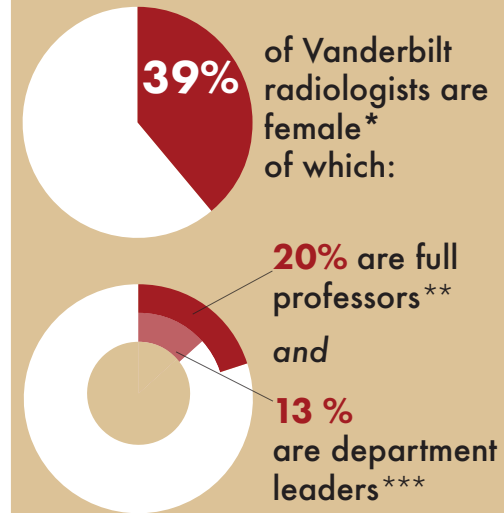

To foster a department that embraces *diversity of backgrounds, experiences and perspectives* as a stimulus for:

- innovation and problem solving
- achieving excellence in education, research and scholarship
- achieving equity in patient care

"Our diversity enhances empathy, quality of ideas and decision-making, which in turn advance radiology and improve patient care."

- Dr. Reed Omary
Radiology Chairman

WOMEN IN RADIOLOGY

*ACR data states the national average is 21%
**AAMC data states the national average is 14%
***ACR data states the national average is 8%
