Cardiovascular care,
including:

- pre- and post-vascular,
cardiac surgery
- heart failure
- cardiac dysrhythmias
- structural heart disease
- post-cardiac arrest
- ECMO
- heart, lung transplant
- therapy devices

CARDIOVASCULAR INTENSIVE CARE (CVICU)

5 North VUH

27 nurse:pt 1:1
1:2

Care of patients who have
sustained major trauma to
their body, including:

- head
- neck
- spinal cord
- abdominal
- orthopedic

TRAUMA INTENSIVE CARE (TICU)

10 North VUH

ICU=14
SD=17 nurse:pt ICU =1:2
SD=1:3-4

Care for critically ill surgical
patients, including:

- multisystem organ
dysfunction, failure
- sepsis
- liver transplant recovery
- vascular surgeries

SURGICAL INTENSIVE CARE (SICU)

9 Critical Care Tower

ICU=23
SD=12 nurse:pt ICU =1:2
SD=1:3-4

Level 1 Burn Center providing
adult and pediatric care,
including:

- continuum of care from
ICU to stepdown, through
discharge
- thermal/chemical/electrical
burns
- frostbite, hypothermia
- dermatological conditions
- reconstructive surgery

VUMC REGIONAL BURN CENTER (BURN)

11 South VUH

ICU=8
SD=15 nurse:pt ICU =1:2
SD=1:3-4

Care for critically ill medical
patients, including:

- acute respiratory failure
- Acute Respiratory Distress
Syndrome (ARDS)
- multisystem organ failure
- sepsis
- drug overdoses
- gastrointestinal bleeds
- diabetic ketoacidosis
- advanced treatment
modalities: CRRT and ECMO

MEDICAL INTENSIVE CARE (MICU)

8 Critical Care Tower

35 nurse:pt 1:1
1:2

Care for patients with neuro
disorders, including:

- seizures, spinal cord injury,
acute ischemic,
hemorrhagic stroke
- subdural/epidural hematoma
- subarachnoid hemorrhage
- Guillain-Barré syndrome
- Myasthenia Gravis
exacerbation
- meningitis, encephalitis

NEUROLOGY/NEUROSURGERY INTENSIVE CARE (NIC)

6 Critical Care Tower

ICU=23
SD=12 nurse:pt 1:2

Ambulatory areas located at

- VUMC Main Campus
- Vanderbilt Health 100 Oaks
- Various locations within the Nashville area

Patient care for full-spectrum heart conditions, including:

- aortic disease
- arrhythmias
- congenital heart defects
- coronary heart disease
- myocardial infarction
- heart failure
- heart valve diseases
- hypertension
- vascular conditions, diseases
- heart, vascular treatments
- diagnostic services

VANDERBILT HEART & VASCULAR INSTITUTE (VHVI)

Patient care for full-spectrum cancer conditions, including:

- chemotherapy, infusion
- radiology oncology
- stem cell transplant
- hematology
- outpatient treatment
- cancer clinic
- cancer lab
- breast center and Infusion
- medical/surgical oncology

VANDERBILT INGRAM CANCER CENTER (VICC)

Patient care for digestive disease conditions, including:

- gastroenterology diagnostics, therapies
- upper gastrointestinal endoscopy, related procedures
- Endoscopic Retrograde Cholangiopancreatography (ERCP)
- Perioral Endoscopic Myotomy (POEM)
- small bowel enterostomy
- colonoscopy

DIGESTIVE DISEASES

- For current employees transitioning to the RN role
- For those interested in ambulatory care and open to placement within the Nashville area

NURSE RESIDENT AMBULATORY TALENT POOL

Patient care, including:

- annual wellness visits, vaccinations
- chronic disease management
- acute care not requiring hospitalization
- continuum of care to avoid hospitalization
- care coordination
- phone triage
- medication management

AMBULATORY PRIMARY CARE

Patients requiring surgical care, including:

- trauma
- colorectal
- burn
- general surgery
- achalasia
- adrenal mass
- Barrett Esophagus
- Cushing's Syndrome
- Addison's Disease
- anorectal abscess
- biliary colic
- duodenal polyp

SURGICAL SERVICES
