### About the Dental Plan Options:

#### Indemnity - Choose Your Own Dentist

Choosing this plan gives you the freedom to choose any dentist. Your cost for dental services is dependent on the policy co-insurance amount, the Reasonable and Customary charge and any required deductible on covered services. You are responsible for dental expenses charged by your provider beyond what the insurance pays. Providers not part of a network plan have not agreed to negotiated fees which may result in higher out-of-pocket costs.

*The Choice Indemnity dental plan is not available in: AZ, ID, MA, NM, NY, WA*

#### Network - Maximum Care PPO

The Maximum Care PPO Network is part of the Careington dental network providing over 200,000 access points nationwide. You will receive network discounts when you use a Maximum Care provider as well as 5%-50% discounts on other dental services.

Why choose a network plan? In addition to paying lower monthly premiums a network plan can help reduce your out-of-pocket costs. That's because network dentists have agreed to accept a set negotiated and contracted amount for each service as their payment. This amount is typically less than the amount which could be charged by an out-of-network provider. Network dentists cannot charge you the difference between their typical fee and the amount negotiated with the network.

GENERAL INFORMATION

Eligibility: Individuals 18+, plus their eligible dependents. This is subject to individual state regulations.

Predetermination of Benefits: It is recommended that a treatment plan/course of treatment be submitted when the total cost of eligible expenses for any insured is expected to exceed the amount shown on the coverage schedule. This should be submitted to us before the work is started. If actual services submitted do not agree with the treatment plan, or if a treatment plan is not sent in, we will base our payment on treatment consistent with reasonable and customary charges. Predetermination of benefits is not a guarantee of what we will pay. The estimated benefit payment is based on your current eligibility and benefits in effect at the time of the completed service. Submission of other claims or changes in eligibility or this policy may alter final payment.

Alternate Benefit: If we determine that a less expensive procedure, service, or treatment plan/course of treatment that is customarily used to treat the dental problem and recognized by the dental profession to be appropriate according to broadly accepted standards of dental practice, then the maximum we will allow will be the charge for the less expensive treatment.

Reasonable & Customary: The usual, customary and regular charges for services rendered by a provider who is reasonably well known for the services rendered and is not a relative of the insured, not a relative of the insured’s employer and is not an affiliate of the facility in which services were rendered.

The following are not covered or available as an alternative benefit:

- Telephone consultations, charges for failure to keep a scheduled appointment, x-ray copy fees, or charges for completion of a claim form.
- Ancillary charges, including but not limited to, hospital, ambulatory surgical center or similar facility; or use of provider office space.
- Charges for sterilization of equipment; disposal of medical waste or other requirements mandated by OSHA or other regulatory agencies.
