

# State of TN & Vanderbilt University Required Immunizations

**\*Registration will be held by the URO if not compliant**

**(Updated for Summer/Fall 2023)**

**\*M.M.R. (MEASLES, MUMPS, RUBELLA)**- 2 doses required for All Students or positive titer report:

Dose #1 given at age 12 months or later and Dose #2 given at least 28 days after first dose

-If vaccination records are not available, we will also accept official titer results showing positive IgG immunity for measles, mumps and rubella. Titer must be administered after age 16.

-You are exempt from the M.M.R. vaccinations if born prior to 1956.

All Students required to submit MMR documentation to Student Health Center Portal.

Nursing Students will also need to submit to the School of Nursing Portal (see the VUSN Student Admitted Students/Compliance Website for details).

**\*VARICELLA** - 2 doses required for All Students or positive titer report:

Dose #1 given at age 12 months(or later) and after 1995 and Dose #2 given at least 28 days after first dose & after 1995

-We will also accept official titer results showing positive IgG immunity. Titer must be after age 16.

-We will also accept History of the Disease (Chicken Pox) for domestic/non-international UGRD and GRAD students. If you had the disease, it must be on a medical record, or you can provide a written statement from a parent or provider including student full name and the month and year of the disease.

-You are exempt from the varicella vaccine and requirements if born prior to 1980.

All Students required to submit Varicella documentation to Student Health Center Portal.

Nursing Students will also need to submit to the School of Nursing Portal (see the VUSN Student Admitted Students/Compliance Website for details).

**\*MENINGOCOCCAL- ACYW** (for bacterial meningitis)- 1 dose after age 16:

Vaccine must be administered after age 16 - You are exempt from this requirement if you are NOT living on campus (most graduate, medical, and nursing students). (UGRD Students ONLY required to submit documentation)

**\*TB Screening Survey**- <https://redcap.vanderbilt.edu/surveys/?s=TFLTRT4THC>. Take the survey and send the SHC your survey results page to the Student Health Portal. You may be required to submit current 2023 TB blood test information depending on your risk factors -or- if you are a VUSN or VUSM student.

**\*Clinical Programs for VUSM and VUSN Students have additional requirements to MMR & Varicella above:**

-3 Hepatitis B vaccinations or 2 *Heplisav B* (VUSM and VUSN Clinical Programs)

-Hepatitis B reactive titer (VUSM Clinical programs)

-TDAP vaccination within the past 10 years (VUSM and VUSN Clinical Programs)

-COVID-19 vaccination (initial series of WHO approved vaccines for all VUSM Programs)

-TB testing- TB blood test must be within 3 months of the program start date for VUSM & VUSN.

Clinical Students should review forms & details located on <https://vumc.org/student-health/immunization-requirements> when available for the program term.

## Optional Reporting Vaccinations (For continuity of care at Student Health)

COVID-19, Hepatitis A, Hepatitis B, HPV, Influenza, Meningococcal B, Polio, Tdap, other travel vaccines.

Student Health will document official records of additional vaccines as part of your VUMC Medical Record. We will not share these immunization details with VU per HIPAA guidelines.
