

**VANDERBILT UNIVERSITY MEDICAL CENTER  
MULTIDICCIPLINARY SURGICAL CRITICAL CARE**

---

**SOP: Initiation of Total Parental Nutrition in the Surgical Intensive Care Unit**

The Adult TPN Consult Service is available for the initiation, management, and monitoring of adult patients requiring TPN

A TPN consult can be obtained by using the ConsultWiz in the Wiz/HEO physician order entry system. (See attachment.)

Consults **MUST** be ordered by 3 PM each day, 7 days/week.

All consults ordered by 3 pm will have TPN orders initiated the same day.

For consults ordered after 3 pm, the TPN will not be initiated until the following day.

All TPN bags provide a 24-hour supply and the infusion starts at 10 pm. Intralipids are provided separately and infuse over 12 hours. (10 pm to 10 am)

The Adult TPN service can be contacted 24/7 via pager: 835-0419

**DO NOT** attempt to use any other TPN order in Wiz/HEO.

**DO NOT** call the Pharmacy Department for TPN issues.

Contact the TPN service page @835-0419

# TPN Consult Instructions

The screenshot displays the 'Horizon Expert Orders' application window. The main area is divided into two panes. The left pane shows patient information and various order categories like 'Medications', 'IV fluids', and 'Bells and whistles'. The right pane displays a list of 13 consult services, with the first item '1. consult pods/med/surg service' highlighted. Below the list, a red prompt reads 'Select an item from the list'. A yellow callout box with two numbered instructions points to the list and the selection prompt.

1. consult pods/med/surg service  
2. consult:  
3. nutrition consult (nutrition)  
4. case manager consult  
5. consult:assessment by soc wrk  
6. consult:counseling by soc wrk  
7. consult:dc plng by soc wrk  
8. consult:education by soc wrk  
9. consult:family support by soc wrk  
10. gi consult adult (endoscopy)  
11. anesthesia consult  
12. ep consult (cardiology)
