### ADULT ACUTE CARE MEDICINE: Acute Care

If viewing electronically, click on unit for more information.

Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH) or Medical Center North ("Round Wing") 1211 Medical Center Dr Nashville, TN 37232

---

**ACUTE CARE OF THE ELDERLY (ACE)**
7 Round Wing

- Care for individuals aged 65 and older, with complex conditions, including:
  - respiratory
  - gastrointestinal
  - renal
  - neurological
  - psychiatric
  - cardiac
  - infectious diseases

**VANDERBILT INTERDISCIPLINARY CARE UNIT (VICP)**
3 Round Wing

- Care of adult patients with a variety of medical conditions and complex social stressors, focusing on:
  - high risk for recurrent health issues
  - interdisciplinary approach
  - reducing the use of emergency rooms for routine care

**MEDICINE OBSERVATION**
7 South VUH

- Care for adult observation patients with complex medical conditions, including:
  - respiratory
  - gastrointestinal
  - renal
  - neurological
  - psychiatric
  - cardiac
  - infectious diseases

---

Home care for patients being treated for a variety of conditions, including:
- pneumonia
- COPD
- UTI
- cellulitis
- congestive heart failure
- acute kidney injury

---

**VANDERBILT HOSPITAL AT HOME**
1st Floor TVC

- Care for individuals with complex conditions, including:
  - respiratory
  - gastrointestinal
  - renal
  - neurological
  - psychiatric
  - cardiac
  - infectious diseases

---

**ADULT ACUTE MEDICINE**
4 Round Wing

- Float to all areas of Adult Acute Care

---

**ADULT ACUTE MEDICINE**
6 Round Wing

- Float to all areas of Adult Acute Care

---

**ADULT ACUTE CARE FLOAT POOL**

- Locations vary

---

= currently not included in VUMC’s Nurse Residency Program

---

### ADULT PULMONARY MEDICINE STEPDOWN

**8 North VUH**

*Care for individuals with complex conditions, including:*
- advanced lung disease
- pulmonary medicine
- thoracic surgery
- general medicine

### MEDICINE STEPDOWN

**8 Medical Center East**

*Care for individuals with complex conditions, including:*
- respiratory
- gastrointestinal
- renal
- neurological
- psychiatric
- cardiac
- infectious diseases
- insulin drips

### PALLIATIVE CARE/ MEDICINE

**5 Round Wing**

*Care for patients nearing the end of life with a focus on holistic care, including:*
- symptom management
- life goals
- plans of care that value the patient, families wishes, and culture

---

### ADULT EMERGENCY STEPDOWN (ED C-POD)

**1st Floor TVC**

*Care for admitted and lower acuity ER patients with complex conditions, including:*
- respiratory
- gastrointestinal
- renal
- neurological
- psychiatric
- cardiac, cardiac monitoring
- infectious diseases

### TRANSITIONAL CARE UNIT (TCU)

**1st Floor TVC**

*Care for admitted patients and lower acuity ER patients with complex conditions, including:*
- respiratory
- gastrointestinal
- renal
- neurological
- psychiatric
- cardiac/cardiac monitoring
- infectious diseases

### MEDICAL OBSERVATION STEPDOWN UNIT (2 TVC)

**1st Floor TVC**

*Care for admitted patients and lower acuity ER patients with complex conditions, including:*
- respiratory
- gastrointestinal
- renal
- neurological
- psychiatric
- cardiac/cardiac monitoring
- infectious diseases

---

- = currently not included in VUMC’s Nurse Residency Program

ADULT ACUTE CARE SURGERY

Post-operative care of patients who may require cardiac monitoring and frequent intervention at a stepdown level, including:
- thoracic surgery
- surgical oncology, oncology
- emergency general surgery
- lung transplant
- plastics
- bariatrics
- colorectal surgery

Care of patients requiring post-operative care for surgical procedures, including:
- urology
- GYN surgery
- colorectal surgery
- other surgical services

Post-operative care, including:
- total joint replacement
- bone and soft tissue tumor resections
- ortho trauma care for traumatic injuries
- surgical weight loss

Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH)
1211 Medical Center Dr
Nashville, TN 37232

If viewing electronically, click on unit for more information.

Care of patients requiring post-operative care for surgical procedures, including:
- urology
- GYN surgery
- colorectal surgery
- other surgical services

Care of patients with neurological disorders, including:
- open, closed head injuries
- strokes/seizures
- craniotomies
- epilepsy monitoring
- encephalopathy
- Parkinson's disease
- Multiple Sclerosis
- meningitis

Care of patients with spinal conditions, including:
- spinal disorders requiring surgical and non-surgical treatments
| Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH) 1211 Medical Center Dr Nashville, TN 37232 |

**ADULT CARDIAC STEPDOWN**

If viewing electronically, click on unit for more information.

Cardiovascular care, including:
- pre- and post-open heart surgery
- valve repair & replacement
- heart failure
- heart transplant
- myocardial infarction
- heart arrhythmias
- ventilator and pulmonary artery catheter support

**CARDIOVASCULAR PROGRESSIVE CARE**
5 South VUH

Cardiac care, including:
- ventricular assist devices (VADs)
- heart transplants
- total artificial hearts
- pre- and post-coronary artery bypass and valve surgeries
- advanced heart failure
- chest pain
- heart arrhythmias

**CARDIAC & VASCULAR STEPDOWN**
7 North VUH

Cardiovascular care, including:
- vascular disorders (such as aneurysms, amputations)
- congestive heart failure
- myocardial infarction
- heart arrhythmias
- pre-op cardiothoracic surgeries

**VAD & HEART TRANSPLANT**
7 Medical Center East (MCE)

Cardiac care, including:
- pre & post open heart surgery
- valve repair & replacement
- heart failure
- myocardial infarction
- heart arrhythmias
- chest pain
- pacemaker exchanges

**CARDIOLOGY STEPDOWN**
8 South VUH

Cardiovascular care, including:
- ventricular assist devices (VADs)
- heart transplants
- total artificial hearts
- pre- and post-coronary artery bypass and valve surgeries
- advanced heart failure
- chest pain
- heart arrhythmias

VanderbiltNursing.com
### Adult Critical Care

**Cardiovascular Intensive Care (CVICU)**
- 5 North VUH
- Care of critically ill medical patients, including:
  - acute respiratory failure
  - Acute Respiratory Distress Syndrome (ARDS)
  - multisystem organ failure
  - sepsis
  - drug overdoses
  - gastrointestinal bleeds
  - diabetic ketoacidosis
  - advanced treatment modalities: CRRT and ECMO

**Medical Intensive Care (MICU)**
- 8 Critical Care Tower
- Care for critically ill medical patients, including:
  - head
  - neck
  - spinal cord
  - abdominal
  - orthopedic

**Neurology/Neurosurgery Intensive Care (NIC)**
- 6 Critical Care Tower
- Care of patients with neuro disorders, including:
  - seizures, spinal cord injury, acute ischemic, hemorrhagic stroke
  - subdural/epidural hematoma
  - subarachnoid hemorrhage
  - Guillain-Barré syndrome
  - Myasthenia Gravis exacerbation
  - meningitis, encephalitis

**Trauma Intensive Care (TICU)**
- 10 North VUH
- Care for patients who have sustained major trauma to their body, including:
  - head
  - neck
  - abdominal
  - orthopedic

**Surgical Intensive Care (SICU)**
- 9 Critical Care Tower
- Care for critically ill surgical patients, including:
  - multisystem organ dysfunction, failure
  - sepsis
  - liver transplant recovery
  - vascular surgeries

**Level 1 Burn Center**
- VUMC Regional Burn Center (BURN)
- 11 South VUH
  - Continuum of care from ICU to stepdown, through discharge
  - thermal/chemical/electrical burns
  - frostbite, hypothermia
  - dermatological conditions
  - reconstructive surgery

**Adult Emergency Department (ED)**
- 1st Floor VUH
- Level 1 Trauma & Burn Center:
  - comprehensive stroke and chest pain center
  - regional referral center

---

**Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH) or Medical Center North (“Round Wing”)**

- SD = Stepdown
- HR = Holding Room
ADULT PERIOP SERVICES

If viewing electronically, click on unit for more information.

Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH) or Medical Center North ("Round Wing")
1211 Medical Center Dr
Nashville, TN 37232

Care of patients after elective or emergent surgical procedures, including:
- recovery from anesthesia
- vital signs monitoring
- pain control regimen
- transfusion of blood products

Patient care, including:
- tumor neurosurgery
- functional neurosurgery
- vascular neurosurgery
- spine neurosurgery

Care of patients needing cardiothoracic and vascular care, including:
- CTVOR
- coronary artery disease
- heart failure
- lung disease
- peripheral vascular

HOLDING ROOM/PACU
3rd Floor VUH

HR=23
PACU=39 Bays
1:2

Patients requiring surgery, including:
- traumatic extremity/pelvic fractures
- total joint replacements
- bone cancers/tumor resection
- hand and upper extremity
- limb loss
- spinal deformities/tumors fractures

PERIOPERATIVE NEUROSURGERY
3rd Floor VUH

HR=1:4
PACU=1:2
1:1

Care of patients, including:
- liver transplant, hepatobiliary
- kidney, pancreas transplant
- general surgery
- pancreatic procedures
- oncology surgeries
- burns debridement, skin grafting

CARDIOThorACIC & VASCULAR SURGERY
3rd Floor VUH

1:1

Urology
- surgery for urologic cancers
- Robotics
- urology
- thoracic
- general surgery
- general oncology
- gynecology
- renal (kidney donation)

PERIOPERATIVE ORTHOPAEDICS
3rd Floor VUH

7-8
nurse:pt
1:1

Patients requiring surgery, including:
- traumatic extremity/pelvic fractures
- total joint replacements
- bone cancers/tumor resection
- hand and upper extremity
- limb loss
- spinal deformities/tumors fractures

TRANSPLANT, GENERAL SURGERY,
GENERAL ONCOLOGY, RENAL,
HEPATOBILIARY, BURN SURGERY

ADULT ONCOLOGY

If viewing electronically, click on unit for more information.

Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH)
1211 Medical Center Dr
Nashville, TN 37232

Care for patients with benign and malignant hematologic malignancies, including:
- solid tumors
- leukemia
- lymphoma
- sickle cell anemia
- oncologic symptom management

Hematology/oncology progressive care, including:
- benign and malignant hematologic malignancies
- myelosuppression/stem cell transplant
- oncologic tumor symptom management
- stem cell, adoptive cellular therapies
- Phase 1, 2 and 3 research

HEMATOLOGY/ONCOLOGY
11 North VUH

27 nurse:pt 1:3-5

MYELOSUPPRESSION/STEM CELL TRANSPLANT
10 Critical Care Tower

35 nurse:pt 1:2-4

VanderbiltNursing.com
Pre- and post-obstetrical care for patients, including:
- mothers with complex diseases
- high risk pregnancy
- pre-eclampsia, eclampsia
- multiple gestations
- cardiac care
- placental abnormalities
- fetal loss/grief support
- natural labor support

Postpartum care, pre/post-operative care, including:
- mothers with complex diseases
- couplet care
- stable antepartum patients
- pain management
- lactation support
- fetal monitoring
- grief support
- gynecological diagnoses

**LABOR & DELIVERY AND MATERNAL SPECIAL CARE**
4th Floor VUH

- Adult = 18
- Infants = 32
- nurse:pt = 1:1-3

**MOTHER BABY OBSTETRICS UNIT (MBO)**
4th Floor Medical Center East

- Adult = 18
- Infants = 32
- nurse:pt = 1:3-6

Units located on Main Nashville VUMC Campus at Vanderbilt University Hospital (VUH)
1211 Medical Center Dr
Nashville, TN 37232
### PEDIATRIC HEMATOLOGY & ONCOLOGY (PHO)
6th Floor

- Hematologic and oncologic care for patients ranging from newborns to 24 years, including:
  - benign, malignant diagnose
  - bone marrow, stem cell transplant
  - sickle cell and anemia
  - radioactive cell and anemia

### PEDIATRIC ACUTE CARE (PAC)
6th Floor

- A variety of acute care patient needs, including:
  - medical diagnoses
  - surgical diagnoses

### PEDIATRIC MEDICINE ACUTE CARE (PMAC)
7th Floor

- Pediatric medicine care for patients from birth to adolescents, including:
  - medically managed cardiac conditions
  - post-operative cardiac surgery
  - congenital and acquired heart conditions

### PEDIATRIC CARDIOLOGY (PCARD)
10th Floor

- Infant to adolescent care, including:
  - spinal fusions
  - cystic fibrosis
  - transplants
  - orthopedic procedures
  - neurosurgery
  - cleft palates
  - eating disorders
  - behavioral health
  - feeding disorders

### PEDIATRIC SURGERY, TRAUMA, ADOLESCENT MEDICINE (PSTAM)
8th Floor

- A variety of acute care patient needs, including:
  - medical diagnoses
  - surgical diagnoses
