

CURRICULUM VITAE

C. Louis Garrard, III, M.D.

OFFICE ADDRESS: Vanderbilt University Medical Center
Division of Vascular Surgery
1161 21st Avenue South
D-5237 Medical Center North
Nashville, Tennessee 37232-2735
615-322-2343 phone
615-343-4251 fax

ACADEMICS DEGREES: Bachelor of Arts in Chemistry
Vanderbilt University
Nashville, Tennessee
May 1986

Doctor of Medicine
Vanderbilt University School of Medicine
Nashville, Tennessee
May 1990

RESIDENCY:

1990-1993 Junior Resident, General Surgery
Vanderbilt University Medical Center
Nashville, Tennessee

1994-1996 Senior Resident, General Surgery
Vanderbilt University Medical Center
Nashville, Tennessee

1996-1998 Vascular Surgery Fellow
Alton Ochsner Medical Foundation
New Orleans, Louisiana

RESEARCH:

1993-1994

Research Fellow, Noninvasive Measurement of
Intestinal Ischemia
Vanderbilt University/ VA Medical Center
Nashville, Tennessee

MEDICAL LICENSURE

Tennessee- # MD24600
Issued: June 18, 1993

BOARD CERTIFICATION:

American Board of Surgery
General Surgery
Certificate No. 42269
Issued: June 9, 1997
Recertified March 2007

American Board of Surgery
Added Qualifications in Vascular Surgery
Certificate No. 100921
Issued: 1997
Recertified December 2008

APPOINTMENTS:

Attending Physician
Centennial Medical Center
General and Vascular Surgery
Nashville, Tennessee
1998- 2010

Chief of Surgery
Centennial Medical Center
General and Vascular Surgery
Nashville, Tennessee
2008 & 2009

Attending Physician
Baptist Hospital
General and Vascular Surgery
Nashville, Tennessee
1998- 2010

APPOINTMENTS (Continued):

Assistant Professor of Surgery
Vanderbilt University Medical Center
Division of Vascular Surgery
Nashville, Tennessee
September 1, 2010 - present

AWARDS AND HONORS:

Undergraduate	Alpha Lambda Delta- Honor Society Phi Eta Sigma- Honor Society Omicron Delta Kappa- Leadership Honor Society
Medical School	Surgical Clerkship Award
Residency	Paper titled "Adhesions are reduced after laparoscopic surgery," selected winner in residents competition at the 1994 SAGES Convention

PROFESSIONAL ORGANIZATIONS:

American College of Surgeons
H. William Scott, Jr. Surgical Society
Gulf Coast Vascular Society

BOOK CHAPTERS:

Garrard CL, Money SR. Recurrent carotid artery stenosis. In: Current Critical Problems in Vascular Surgery. 8th Edition.

JOURNAL ARTICLES:

1. Garrard CL, Sheih WJ, Cohn RA, Sawyers JL. Verrucous carcinoma of the esophagus: Surgical treatment for an often fatal disease. *American Surgeon* 60(8):613-616, August 1994
2. Garrard CL, Halter S, Richards WO. Correlation between pathology and electrical activity during acute intestinal ischemia. *Surgical Forum* 4:368, 1994
3. Richards WO, Garrard CL, Allos SH, Bradshaw LA, Staton DJ, Wikswo JP. Noninvasive diagnosis of mesenteric ischemia using SQUID magnetometer. *Annals of Surgery* 221(6) 696-705, 1995
4. Garrard CL, Nanney L, Davidson J, Richards WO. Adhesion formation is reduced after laparoscopic surgery. Submitted to *Surgical Endoscopy*, April 1996
5. Richards WO, Garrard CL, Bradshaw LA, Staton D, Lei F, Wikswo JP, Magnetoenterography (MENG): Noninvasive measurement of bioelectrical activity in human small intestine: *Dig Dis Sci* 41(12) 2293-301.
6. Neuzil DF, Garrard CL, Berkman RA, Pierce R, Naslund TC. Duplex directed vena cava filter placement: Report of initial experience. *Surgery* 123 (4) 470-4 1998.
7. Pinson CW, Garrard CL, Chapman WL, Wright JK, Blair TK, Sawyers JW. Repeat hepatic surgery for recurrent colorectal metastasis to the liver. *Annals of Surgery* 223(6): 765-76.
8. Garrard CL, Manord JD, Ballinger BA, Kateiva JA, Sternbergh WC, Bowen JC, Monet SR. Cost savings associated with nonroutine use of carotid angiography. *The American Journal of Surgery* 174 (6) 650-4 1997.
9. Bowen JC, Garrard CL. Anomalous branch of the internal carotid artery maintains patency to a complete occlusion diagnosed by duplex scanning. *Journal of Vascular Surgery*; 26 (1):164-67. 1998.
10. Manord JD, Garrard CL, Mehra MR, Sternbergh WC, Ballinger BA, Ventura HO, Stapleton DD, Smart FW. Implications for the vascular surgeon with prolonged (3-89 days) intra-aortic balloon pump counterpulsation. *Journal of vascular surgery* 26 (3) 511-6 1997.
11. Manord JD, Garrard CL, Kline DG, Money SR. Management of severe proximal vascular and neural injury of the upper extremity. *Journal of Vascular Surgery* 27 (1) 43-9 1998.

12. Sternbergh WC, Garrard CL, Gonze MD, Manord JD, Bowen JC, Money SR. Carotid endarterectomy in patients with significant renal dysfunction. *Journal of Vascular surgery* 29 (4) 672-7 1999.
13. Gonze MD, Manord JD, Leone-Bay A, Baughman RA, Garrard CL, Sternbergh WC, Money SR. Orally administered heparin for preventing deep venous thrombosis. *American Journal of Surgery* 176 (2) 176-8 1998.
14. Sternbergh WC, Gonze MD, Garrard CL, Money CL. Abdominal and thoracoabdominal aortic aneurysm. *Surgical Clinics of North America* 78 (5) 827-xi 1998.

Abstracts:

1. Garrard CL and Richards WO. Pathogenic electrical activity in ischemic small bowel. *Gastroenterology* 106(4):A502, 1994.
2. Garrard CL, Wikswo JP Jr, Staton D, Goltzarian J, Gallen C, Richards WO. Noninvasive measurement of small bowel electrical activity. *Gastroenterology* 106(4):A502, 1994.
3. Garrard CL, Nanney L, Richards WO. Adhesion formation is reduced after laparoscopic surgery. Presented at the Society of American Gastrointestinal Endoscopic Surgeons, April 1994.
4. Bradshaw LA, Garrard CL, Wikswo JP Jr, and Richards WO. Transabdominal magnetic recording of small bowel ischemia in anesthetized rabbits. *Gastro* 107(4): 1234, 1994.
5. Garrard CL, Wikswo JP Jr, Staton D, Goltzarian J, Gallen C, Richards WO. Measurement of the human gastric slow wave activity with a SQUID magnetometer. Presented at the VA Surgeons Meeting, Reno, Nevada, May 1994.
6. Garrard CL, Nanney L, Richards WO. Adhesion formation is reduced after laparoscopic surgery. Best paper presentation at SAGES, accepted as a poster presentation for the World Congress of Gastroenterology, October 1995.
7. Garrard CL, Manord JD, Ballinger BA, Panke GA, Money SR. Pott's disease of the spine causing a multi-organism mycotic aneurysm. Presented at the Gulf Coast Vascular Society Meeting, October 1996.

INVITED LECTURES:

Garrard CL. Adhesions are reduced after laparoscopic surgery. Surgical Grand Rounds, Vanderbilt University, Nashville, TN, September 10, 1994.

Garrard CL. Adhesions are reduced after laparoscopic surgery. World Congress of Gastroenterology. Los Angeles, CA, October 2-7, 1994.
